Comments for Public Posting: While it may be a more honest title for the slush fund, renaming the unappropriated account for homeless services at interim housing sites appropriates it to LAPD, making their laundering of these funds permanent and legitimate. As an unhoused person, this feels like robbery. LAPD “secured” ABH and SECZ for a couple of years, so now they get 100,000 OT @ \$100/hour for perpetuity?! At least one of the 27 ABH locations they’ve been billing 1,000 hours annually has been CLOSED for over a year. This is fraud. Why not pay some peoples’ overdue rents instead??
