Subject: Oppose Council File 23-0623-S1 – Protect Affordable Housing
To: <CityClerk@lacity.org>

City Clerk City Clerk,

I am writing to urge you to oppose Council File 23-0623-S1, which would add labor standards to Executive Directive 1 (ED1).

Affordable housing is already extremely difficult to build in Los Angeles. Adding new labor standards under this measure will make it even harder, raising costs, creating delays, and discouraging development. While fair labor practices are important, this particular proposal is an underhanded attempt to limit the very projects our city desperately needs to house working families, seniors, and vulnerable residents.

ED1 was designed to accelerate affordable housing, not to restrict it. Council File 23-0623-S1 undermines that purpose. If enacted, it will exacerbate our housing crisis by reducing the number of affordable units that can realistically move forward.

I strongly urge you to reject this motion and keep ED1 focused on its original intent: making it easier, faster, and more cost-effective to build affordable housing in Los Angeles.

Thank you for your time and your commitment to addressing our city's urgent housing needs.

City Clerk City Clerk,

I am writing to urge you to oppose Council File 23-0623-S1, which would add labor standards to Executive Directive 1 (ED1).

While I support all efforts to protect fair labor practices, this is a bad-faith attempt to keep affordable housing from being built. There are enough restrictions in Los Angeles; we don't need more.

ED1 was designed to accelerate affordable housing, not to restrict it. Council File 23-0623-S1 undermines that purpose. If enacted, it will exacerbate our housing crisis by reducing the number of affordable units that can realistically move forward.

I strongly urge you to reject this motion and keep ED1 focused on its original intent: making it easier, faster, and more cost-effective to build affordable housing in Los Angeles.

Subject: Oppose Council File 23-0623-S1 – Protect Affordable Housing
To: <CityClerk@lacity.org>

City Clerk City Clerk,

I am writing to urge you to oppose Council File 23-0623-S1, which would add labor standards to Executive Directive 1 (ED1).

Affordable housing is already extremely difficult to build in Los Angeles. Adding new labor standards under this measure will make it even harder, raising costs, creating delays, and discouraging development. While fair labor practices are important, this particular proposal is an underhanded attempt to limit the very projects our city desperately needs to house working families, seniors, and vulnerable residents.

ED1 was designed to accelerate affordable housing, not to restrict it. Council File 23-0623-S1 undermines that purpose. If enacted, it will exacerbate our housing crisis by reducing the number of affordable units that can realistically move forward.

I strongly urge you to reject this motion and keep ED1 focused on its original intent: making it easier, faster, and more cost-effective to build affordable housing in Los Angeles.

Thank you for your time and your commitment to addressing our city's urgent housing needs.
