**Comments for Public Posting:** I am a resident of Wilshire Park and a constituent of Council District 5. I support Affordable Housing and the creation of more such housing throughout Los Angeles. I also believe the development of Affordable Housing can and should provide Affordable Housing while preserving the character and scale of existing stable, thriving neighborhoods and ensure that the quality of life on adjacent streets and neighborhoods is not adversely affected. I support the ED1 Ordinance (CF 23-0623 ) if amended to include the United Neighbors guidelines sent to the PLUM committee, with a particular focus on the importance of the following amendments: 1. Require 15-foot setbacks in the rear yard of these projects to allow for trees; 2. Impose a 5% limit on the total amount of nonresidential project spaces to prevent post-approval "bait and switch" conversions of excess spaces to market rate units in violation of the promise/requirement of 100% affordable units; 3. Exempt R-1, HPOZ and Historic Districts, not just R-1 properties, from fast tracking so that the complicated compatibility issues of out-of-scale projects in these neighborhoods can be addressed with precise review and solutions; 4. Exempt substandard streets and high-fire zones from fast track approval for the safety of us all. Projects that don't meet these requirements under ED1 would need to go through discretionary approval. Thank you for your consideration.
