**Comments for Public Posting:** Please preserve the character of historic neighborhoods. There are already so few in Los Angeles. Please impose guardrails on ED1.

**Comments for Public Posting:** This is an absolute backhand to preservation in this city. Our HPOZ and Historic Districts need to be seen as an important part of our city. Allowing the potential displacement of existing multifamily tenants, continued destruction of the integrity of HPOZ and historic districts and introducing structures that have little to no architectural significance to the area cannot be allowed. Forward movement in housing is necessary in this city, but allowing design review and planning oversight in significant cultural and historic areas is a slap in the face to those of us working to preserve the historical integrity of LA. We need to be expanding protections in our historic areas, not allowing them to be destroyed.

**Council File No:** 23-0623

**Comments for Public Posting:** Councilmembers: Please bring necessary BALANCE to housing streamlining. We don't need to destroy the historic and cultural fabric of the City. Please put guardrails around ED-1 for historic buildings and neighborhoods. Thank you
