Comments for Public Posting: I support adding affordable housing, but only if tools and guardrails for planning and preservation, in all our HPOZ and Historic Districts neighborhoods in their entirety will be protected from out-of-scale and incompatible new development. Historic Preservation Overlay Zones protect the cultural and architectural history of Los Angeles. In addition, for 45 years, those zones have maintained high-quality affordable housing better than elsewhere in the City as a whole. It is essential these pockets of neighborhoods remain intact as historical communities.
