Comments for Public Posting: I support Council Members Hutt and Yaroslavsky's enactment of an Interim Control Ordinance (ICO) to protect Historic Preservation Zones (HPOZ) from ED 1 projects!

Comments for Public Posting: I support the state law granting limited rights to develop underutilized land by Faith Based Organizations but oppose the removal of the time of ownership requirement LA Planning is proposing.

Comments for Public Posting: I personally canvassed to get an HPOZ for my neighborhood! This is an historic neighborhood--and God knows there are not many such areas in this city! We need to hang onto these neighborhoods in our cities--just like NYC held onto Greenwich Village, like Paris hung onto Montmartre, and like Rome hung onto the neighborhood of Trastevere--since 300 A.D.! History and local architectural styles are what make cities interesting to live in and visit. Short-term profit from "developers" will rob us in every way over time! DO NOT REMOVE OR UNDERMINE THE HPOZ'S in our neighborhood and cities!
