You are all sick people you are a sick people. President K, you need to start listening to the people and doing the peoples work instead of the Corrupt Work in the city. Hernandez, we know you're under the desk of developers sucking their wieners. It is time the corruption comes out in your eyes as well. Kevin De Leon you're full of corruption scandal and discuss. Harris-Dawson you're an idiot, and you're just as corrupt as they are. We don't have to worry about voting you people out you're all going to jail and all together enjoy prison we might right we might not. Public we need to make sure that all these idiots pay for their corruption, instead of listening to the people of Los Angeles!
