Council File No: 23-0633

Comments for Public Posting: Good afternoon. My name is Martha Sanchez, executive board member with the South-Central Neighborhood Council. Former undocumented mother and social justice activist resident of the South-Central community for about 30 years. I'm here to verbalize my opinion to the Rules and Elections committee pertaining Harris-Dawson and Krekorian Motions [26-0630 & 26-0633] pertaining to the suspension of our CD9 Councilmember and the eligibility requirements for potential appointment of a new representative. Today, our community is waiting to hear from us [community leaders] that our voices were taken into extreme consideration. The choice relies on your hands, councilmembers that were constantly approving community plans, motions, contracts, and proposals that put at risk and dismantle the historical legacy and architectural character of our community. You know what everybody is doing in their own districts, and yet as public servants you decided to ignore and approve of keeping CD9 as the poorest community in the entire city, instead of holding each other accountable. The choice goes to the heart of what kind of city do we want to be and the future that we want for our children, people of color, war veterans and homeless families. This is about how we treat people at a disadvantage, how we bring job opportunities, prosperity, and financial security to our families. This is about building affordable units for those that have been displaced already and to keep our people safe from crime. I'm here to advocate for a referendum. I want to encourage a real "community engagement plan" to bring an authentic community leader ready to challenge the status-quo, and brave enough to hold every community group, organization, council members, colleagues, and partners accountable to CD9 residents. I urge you to advocate for someone that owns no favors to corporate landlords, chamber of commerce or wall street investors.

Good afternoon.

My name is Martha Sanchez, executive board member with the South-Central Neighborhood Council. Former undocumented mother and social justice activist resident of the South-Central community for about 30 years.

I'm here to verbalize my opinion to the Rules and Elections committee pertaining Harris-Dawson and Krekorian Motions [26-0630 & 26-0633] pertaining to the suspension of our CD9 Councilmember and the eligibility requirements for potential appointment of a new representative.

Today, our community is waiting to hear from us [community leaders] that our voices were taken into extreme consideration. The choice relies on your hands, councilmembers that were constantly approving community plans, motions, contracts, and proposals that put at risk and dismantle the historical legacy and architectural character of our community. You know what everybody is doing in their own districts, and yet as public servants you decided to ignore and approve of keeping CD9 as the poorest community in the entire city, instead of holding each other accountable.

The choice goes to the heart of what kind of city do we want to be and the future that we want for our children, people of color, war veterans and homeless families. This is about how we treat people at a disadvantage, how we bring job opportunities, prosperity, and financial security to our families. This is about building affordable units for those that have been displaced already and to keep our people safe from crime.

I'm here to advocate for a referendum. I want to encourage a real "community engagement plan" to bring an authentic community leader ready to challenge the status-quo, and brave enough to hold every community group, organization, council members, colleagues, and partners accountable to CD9 residents. Council File No: 23-0633

Comments for Public Posting: Dear Councilmembers. Before any action is taken to either suspend or allow Councilmember Curren Price to remain on the council, ACCE is requesting that council president Paul Krekorian and Councilmember Marqueece Harris-Dawson engage in an extensive community engagement process, including a forum on city district 9's representation of both district-level issues and city-wide matters. While the investigation continues, residents in cd 9 must have direct representation and understand who is accountable for smaller-level concerns, such as potholes and trash cleanups, and larger-scale issues, such as land use and tenant protections. CD 9 faces significant displacement and gentrification pressure, which may only be exasperated by the upcoming Olympics and rezoning efforts such as the South Los Angeles Community Plan Implementation Overlay (CPIO). CD 9 is also the area of the city that experienced the most significant redlining and historic disinvestment. Our community still struggles to receive adequate investments in parks and green space, quality affordable housing, sustainable transportation, educational opportunities, and other resources needed for existing residents to thrive. Given this, it is unconscionable that the district experiences any time without full and accountable representation. We look forward to partnering with you in the fight for transparent, ethical, and accountable governance and self-determination for City District 9. Respectfully, Los Angeles ACCE Leadership. Co-directors: Estuardo Mazariegos and Sergio Vargas Roza.
