**Comments for Public Posting:** A 7 story, 200 unit apartment building should not be built on 5501-5511 Ethel. The street is narrow and surrounded by single family houses. The street is barely large enough for 2 cars going in opposite directions. We need much more affordable housing, but we should put large structures in places where large structures go. Not in a neighborhood that would be better served by a 4-6 unit building affordable housing. We need to use reason in adding housing to our city. Please do not approve this development.
