Comments for Public Posting: Dear Councilmembers: Pacific Palisades Community Council (PPCC) has for fifty years been the most broad-based organization and voice of the Palisades community. At its regularly scheduled public Board meeting on January 25, 2024, after full consideration and discussion, the PPCC Board passed the following motion unanimously: "Pacific Palisades Community Council supports CF 23-0914 (Park), which calls for recommendations for a citywide program to designate streets where RVs/oversize vehicles can safely park with access to services, including housing navigation, portable restrooms, automotive repair and septic tank disposal, and would also restrict RV parking in residential areas, commercial corridors and other sensitive areas." For these reasons, we respectfully urge your respective committees to consider the above-referenced Council File at the earliest opportunity and that you pass the motion for recommendation to the full City Council. Thank you for your consideration. Sincerely, Maryam Zar President Pacific Palisades Community Council

Comments for Public Posting: I'm writing to voice support for Traci Park's motion for RV restrictions. There have been several parked by the school and church on Venice Blvd. They force us to walk on traffic lanes of Venice Blvd, leave trash on our streets, and make our neighborhood unsafe. We have to draw the line somewhere.
