Comments for Public Posting: The tenants of Hillside Villa need to have their rent cancelled IMMEDIATELY! How can we make provisions for the slum lord who has created this situation and not make the tenants whole? How are we to take any LA City Council motions seriously when they just get completely ignored? There was a motion to eminent domain this building several years ago, and now the result is to leave the tenants to suffer while the LANDLORD is made whole. Make it make sense. You can do that by canceling all of the debt for the Hillside Villa tenants. Do the right thing.
