Comments for Public Posting: There should be no exception for parking illegally for any vehicle, let alone a 24+ foot RV near schools, daycare centers, parks, businesses, and homes. Restricting RV parking in these areas is just common sense. I don't know how our City Councilmembers could take issue with public safety and law enforcement, but that is precisely where we are today, except for Councilmember Park. Pass 23-0914 without further delay. Under most of your watch, our City has deteriorated into a hellhole over the last several years, and you, our supervisors, mayor, and our governor are to blame. Stop the insanity and start enforcing the law. Protect the residences, businesses, children, and elderly. Please take action!

Comments for Public Posting: I fully support Councilwoman Traci Park's motion to restrict RV parking around sensitive areas such as schools, daycare centers, parks, homes. If possible, I would also add RV restrictions for underneath freeway underpasses, where RV fires have resulted in damaged freeway infrastructure.

Comments for Public Posting: I'm supporting any legislation and/or actions that our new mayor is willing to try to remove the RV's that are being used as homes and parked in spaces that are illegal, unsightly, and unsanitary. Thank you, Mayor, for your attempts to give us back our neighborhoods.
