**Comments for Public Posting:** Dear Council, Please do not let the owner of the Barry Building, a historic cultural monument, demolish the building. It was once the location of Dutton's Bookstore, where I went often. It was once a lovely mid-century building that deserves to be restored, rather than replaced. I grew up in Brentwood. San Vicente and Wilshire once had many such buildings. The entire character of the area has been destroyed over the decades, as most historical homes and buildings have disappeared. Please do not let this significant building be another casualty of greed. Sincerely, Adam Bregman
