Comments for Public Posting: I strongly support motion 23-0973-S2. I am a very active reporter and user of the MyLA311 application. I report bulky items, graffiti, and other issues at least three times a week and I am very successful getting the concerns taken care within the same week of reporting. Graffiti removal has been removed the following day and sometimes even the same day if I make the report early enough. I also make recommendations to City Council 6 of areas that need week abatement and cleanups. I have witnessed my recommendations being completed by the Northeast Graffiti Busters. I am the vice-president of the Sun Valley Area Neighborhood Council, speaking on my behalf, and have worked very closely with the NEGB and they have made themselves available to support our cleanups even on Sundays if that is the only day that works for our board members. I urge support for this motion as it directly affects the Sun Valley community.
