Comments for Public Posting: This city and more importantly the shelters are inundated with dogs that have been mistreated and given up by irresponsible owners. These existing dogs need homes and love... we do not need an influx or more dogs. Please support this moratorium on breeders license to stop additional breeding. We need spay and neuter enforcement, not additionally bred dogs

Comments for Public Posting: Our shelters and rescues are beyond capacity. We must place a moratorium on the issuance of breeding permits. There are more than enough animals out there to fill each home that wants a pet. Please please help the huge problem of overcrowded shelters, overstressed dogs, and overwhelmed volunteers by stop issuing breeding permits. Thank you.

Comments for Public Posting: The LA animal shelters are in crisis. Perfectly healthy, young, purebred dogs are being euthanized each week due to a lack of space which is taking place because of over breeding. Every week there are pregnant moms or moms with litters dropped off at the shelter. Yesterday, a pregnant dog who would have delivered in days was spayed, immediately killing her babies because the shelters are over capacity and there is an over abundance of animal breeding. We need the county to step in and immediately stop issuing breeder licenses. That is one step in helping save lives.

Comments for Public Posting: Please place a moratorium on the issuance of breeding permits. LA is a progressive city and many are working hard to fix so many issues our city faces, yet the flight of homeless pets is only getting worse. There is no reason why breeding of more pets should be encouraged by low cost permits when we have a crisis on our hands. We need to make urgent changes to even come close to considering ourselves a humane city and county. Breeding is only contributing to the current overpopulation issue, is cruel, and should be made illegal.

Comments for Public Posting: Honorable Council Memebbers , This comment is to urge to stop the any and all breeding licenses! The city shelters and rescues are over run with dogs and cats . We are murdering mothers and there babies at an alarming rate ! Backyard breeders have become irresponsible and dumping there “unwanted perfect “ litters at the shelters or worse just on the streets. This is a state of emergency! Please we need to enforce the spay and neuter laws . We also need to have the city provide a low cost system to ensure all pets - are spayed and neutered. The state of our shelters is deeply disturbing ! Thank you for your time Liz Rizo
