**Comments for Public Posting:** Re: Council File 23-1113 I have been attending many of the Eagle Rock Neighborhood Council Meetings since I retired in 2012. I enjoyed learning about how our council works and what was happening with new businesses, properties, and many other things such as the Earthquake, Brace and Bolt program that helped many homeowners to get their homes seismically retrofitted. I tuned into almost all of the neighborhood council meetings during Covid 19. Due to health issues, I am not able to attend the meetings at this time, but I would greatly appreciate if the meetings were available for everyone to participate in. With the technology that is available, this should not be a problem. Regards, Kim Turner – Eagle Rock

**Comments for Public Posting:** I am in favor of allowing NCs to make their own decisions on whether or not to hold their meetings in person or virtually. My personal preference is to hold the general meetings in person and the committee meetings virtually. Most, if not all, NCs are familiar with or still utilize their Zoom account. The monthly cost is nominal and is easily budgeted within each NC's budget. During the pandemic, everyone used their personal computer or device to attend the meetings. There shouldn't be any additional costs involved except for the monthly zoom account.
