Council File No: 23-1131

Comments for Public Posting: I am a retired City employee (hired prior to 1986) that worked in the Department of Transportation. I was hired by the City after graduating from college, so I didn't pay enough qualifying quarters into Social Security to be eligible for Social Security. I have paid into Social Security, but just not quite enough to receive retirement benefits from them. Yet, Social Security charges me IRMAA based on my income. Please consider passing this resolution.
