Comments for Public Posting: I was hired by the City of Los Angeles prior to April 1, 1986, so I am especially interested in this matter. All regular City employees receive Medicare Part B Premium Reimbursement but not LACERS hired by the city prior to April 1986, In the name of fairness, I urge the City Council to consider with favor the proposal by the LACERS Board of Administration. With soaring inflation and gasoline prices, this one action by the Los Angeles City Council would go a long way and give city retirees (hired prior to April 1986) dignity. Thank you very much for your consideration.
