Comments for Public Posting: Please grant reimbursement of the Medicare Part B premium and IRMAA to defray the costs of required enrollment into Medicare. For those of us hired before 1986, we were not informed of the impacts of Medicare premium payments and of IRMAA payments on our future retirement income. There is no added benefit to these additional costs for us. Also, those of us who did not work enough hours outside of the City do not have enough points to receive social security; therefore we rely solely on the City pension.
