**Comments for Public Posting:** With increasing cost of healthcare now you want to allow the rent in Los Angeles county to be raised. Are you trying to make more people homeless? Please vote no on this measure this is a ridiculous measure to even be proposed to Los Angeles county residents. If all of you tried living on social security minimum payments you would never approve any measure like this ever.  
Sincerely, Suzanne Fava

**Comments for Public Posting:** Please vote No on this measure which allows another rent increase for small landlords. With healthcare premium sky, racking and wages are still not meeting up to standard where workers have to rely on snap benefits along with their pay or work two or three jobs along with snap benefits why would you allow a landlord to raise the rent. Again please vote no. That.
