A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the to Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Type of NC Board Action: For

Impact Information

Date: 10/09/2025

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 23-1168

City Planning Number:

Agenda Date:

Item Number:

Summary: The Palms Neighborhood Council supports the Council motion and LADOT report relative to the implementation of the Automated Speed Enforcement Program authorized under AB 645. We regret, however, how long this process is taking. The timeline for program launch has again been extended, even though other cities such as San Francisco have already gone live with their speed camera programs. Every delay costs lives, and Los Angeles must move faster to implement this critical safety measure. The Palms NC passed a letter in 2024 detailing corridors and intersections with observed speed issues that could be pilot locations. We also note that National Boulevard and Overland

Avenue was identified by LAPD in 2022 as one of the top street racing locations in the city. This underscores the urgent need for speed safety cameras in Palms and in neighborhoods across Los Angeles. We urge the City to expedite implementation so that Angelenos can see the safety benefits of this program as soon as possible.
