Comments for Public Posting: I support Ilissa Gold's nomination to the Los Angeles City Planning Commission (LACPC). Ilissa is a tireless advocate for affordable housing in Los Angeles and has years of experiencing working in labor and housing issues. Her past work as President of the Central Los Angeles Area Planning Commission shows her deep commitment and expansive knowledge of affordable housing. She would be an excellent candidate, as Mayor Bass has clearly already recognized, to the LACPC. Gold's appointment would be an enormous leap forward towards a more affordable and inclusive Los Angeles for all.

Comments for Public Posting: I am in favor of appointing Ilissa Gold to the L.A. City Planning Commission. LA needs more housing of all types including Duplexes, Triples, Quadplexes, condos, apartments and townhouses. We need to implement and comply with the state housing laws to address our housing needs. California legislature is continuing to propose more housing laws such as SB9, SB10, SB330, AB2097, AB2011, SB6. Etc. This year SB4, SB423, SB450, SB684, AB1335 is still under consideration to further address the housing and affordability crisis in our city. We need to appoint Gold to LACPC to help solve this housing and affordability and homelessness crisis were facing in our city.
