Comments for Public Posting: I congratulate the city in their wisdom to appoint a Neighborhood Council Leader who worked diligently to bring attention to CF22-0560 so that changes could be made to the Municipal Lobbying Ordinance (MLO), which is still in the hands of City Council. Ms. York is an ideal candidate for the Ethics Commission. Several City Council members have forgotten their oath to the people of Los Angeles. We certainly need an Ethics Watchdog. For information purposes only, I am the president of the Lake Balboa Neighborhood Council and I personally support Ms. York's confirmation.
