Comments for Public Posting: Just to let you know- Councilmember Rodriquez' egregious behavior, on this appointment, did NOT go unnoticed by the Los Angeles stakeholders- Jamie York was supremely qualified for the position- she has revealed the blatant graft and corruption in this city- and by the Council. One can only assume Ms Rodriquez- and the rest of the Council- are terrified about having more of their corruption being revealed- Ms Rodriquez is notorious in her district for her racism, bigotry, disregard for anyone not "donating" to her war chest and contempt the the Neighborhood Council system- I understand Ms Rodriquez' motion may have violated certain ethics rules- which I wouldn't doubt in the least- being the least ethical person on the council- so let's hope, if there is a violation- there will be action taken-
