A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Item Number: 13

Summary: The Lake Balboa Neighborhood Council instructs Los Angeles World Airports (LAWA), in consultation with the Planning Department, to prepare a report with recommendations in 30 days, on the following items concerning the progress, community engagement and planned steps to complete the Van Nuys Airport (VNY) Vision Study: 1. A complete description of the community engagement strategies currently being undertaken by LAWA in the Select Vision Study Preferred Land Use Alternative phase of the VNY Vision Study, a projected list of activities remaining to complete this phase, and a specific timeline for the completion of this phase. 2. A complete description of the community engagement strategies undertaken by LAWA in the following completed phases of the VNY Vision Study: Introduction & Listening phase and Consult & Share Vision Study Land Use Alternatives phase, including an inventory of community attendance at

outreach events. Understanding the community engagement strategies employed in the commission of this report is key to representing the constituents in communities surrounding VNY. The Council should be informed as to the strategies employed to engage various stakeholder communities, as well as the progress toward the completion of the VNY Vision Study. The VNY Vision Study findings and recommendations are an essential step in making any aviation decision, or issuing any aviation related Request For Proposal at VNY
