A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

Item Number:

Summary: GTLNC supports CF 23-1338 (Padilla, Raman. Van Nuys Airport [VNY] / VNY Vision Study / Community Engagement Strategies) and CF 23-1339 (Padilla, Raman. Van Nuys Airport Specific Plan / Citizens Advisory Committee / Forensic Audit / Economic Study / Noise Mitigation / Community Benefit Program) and calls for greater transparency and community engagement in the Van Nuys Airport Plan and Vision Study process. Background: GTLNC is aware of an increased exposure to Van Nuys Airport (VNY) jet charter traffic, one of the busiest general aviation airports in the nation, over its airspace which exacerbates the burden already felt from BUR departures over our area. Despite densely populated residential areas existing prior to VNY's redevelopment over the past 20 years, no mitigation policy measures were created by Los Angeles World Airports (LAWA) to mandate such considerations. GTLNC requests that L.A. City

Council instruct Los Angeles City Planning Department, with LAWA, and in consultation with Council District 6 as Committee Chair responsible for the formation and/or operation of the Van Nuys Airport Specific Plan Citizens Advisory Committee, to convene the necessary Citizens Advisory Committee meetings to provide input during all phases of the development process of the Van Nuys Airport Specific Plan and its relevant studies; to include at least one local resident / stakeholder from, but not limited to, Council Districts 2, 3, 4, 5, and 6; and enable Council District office staff participation. This will help PROTECT valley residents and everyone near VNY. We need L.A. City Council to keep LAWA in check. Toxic fumes pour out of VNY and are getting worse. LAWA must be accountable and transparent. They can't grow at the expense of the lives and health of residents.
