Comments for Public Posting: Regarding ELLIS ACT EVICTIONS. Due to the January firestorm and subsequent destruction of vast housing in Los Angeles. There should be an immediate stoppage to unnecessary evictions on buildings whether to be demolished or shuttered. ELLIS ACT EVICTIONS should be paused, till the city has righted itself from this catastrophic event. I speak for 3 senior tenants whose search for new housing has been slammed by the state of rents in Los Angeles county. The rents have not just skyrocketed with competing bids and higher rates in some areas, but in ALL AREAS of Los Angeles County. All housing seeking inhabitants, whether buying or renting are faced with alarming shortage of affordable available opportunities. We all know there was a competitive shortage before January, now it's a crisis in a town that can't take much more. THE CITY MUST THINK OF ALL OF LA COUNTY, not just the Palisades and Altadena and their close adjacent areas. We are all fiscally hurt. The entire town now carries the burden of this crisis. Thank you.
