Council File No: 23-2000

Comments for Public Posting: My comment is regarding the commission appointments (items 13, 14 and 19 on the agenda). I want to write in support of the appointments of the three individuals below. They are each are extremely qualified to serve on these planning commissions and their appointments are an incremental part of making LA a better place to live: - Ilissa Gold to the LA City Planning Commission - Haley Feng to the West Los Angeles Area Planning Commission - Jaime Del Rio to the North Valley Area Planning Commission
