Dear Mayor Bass and Honorable Members of the Los Angeles City Council,

As a registered voter and resident of Victor Heights/Chinatown area, I urge you to please vote YES on Councilmember Hernandez motion to delay the Dodger Stadium Gondola Project and I would like to express my opposition for the Dodger Stadium gondola project.

Some points to consider:

- Anyone who lives under the path of the gondola automatically loses all their privacy. Will they get compensated for that?
- In regards to other residents in the area, the gondola could be the first step in super-gentrifying the area. Since many are lower-income Chinese and elderly, they would be displaced as rents would go up which could thereby potentially increase the unhoused population.

Thanks for your time and service to the community.

Sincerely,

Wing Tham
Chinatown Resident and Active Voter

Dear Mayor Bass and Honorable Members of the Los Angeles City Council,

I urge you to vote NO on Councilmember Hernandez motion to delay the Dodger Stadium Gondola Project and would like to express my strong support for the Dodger Stadium gondola project.

Los Angeles has some of the worst traffic and air pollution in the country. The gondola would benefit all Angelenos by taking thousands of cars off the road, increasing access to public transit, and reducing greenhouse gas pollution.

LA Metro spent the last four years studying the gondola project. This includes traffic studies from third party experts and careful analysis of alternatives, like expanding the current shuttle buses. It's irresponsible for the City to spend half a million dollars on yet another study. Let's not delay progress on this important zero-emission transit project.

Sincerely,
A LAART Supporter
