Dear Mayor Bass and Honorable Members of the Los Angeles City Council,

We are showing off our city to the world in 2028! Look at all the wonderful gondola systems around the globe. They provide some of the most iconic pictures in the world. This project is a NO-BRAINER to approve! What's the hold up? Have you ever tried to drive to Dodger Stadium at 6pm on a weekday? We are DYING FOR ANOTHER OPTION!!

I urge you to vote NO on Councilmember Hernandez motion to delay the Dodger Stadium Gondola Project and would like to express my strong support for the Dodger Stadium gondola project.

Los Angeles has some of the worst traffic and air pollution in the country. The gondola would benefit all Angelenos by taking thousands of cars off the road, increasing access to public transit, and reducing greenhouse gas pollution.

LA Metro spent the last four years studying the gondola project. This includes traffic studies from third party experts and careful analysis of alternatives, like expanding the current shuttle buses. It's irresponsible for the City to spend half a million dollars on yet another study. Let's not delay progress on this important zero-emission transit project.

Sincerely,
A LAART Supporter

Tourism Workers Need a Living Wage NOW! In support of Council File: 14-1371-S13

Dear LA City Clerk,

As a community member, I stand with workers fighting for a living wage to thrive and sustain their families.

I am distressed upon hearing that tourism workers are forced to live in their cars, often working two jobs just to make ends meet, because wages are too low to keep up with the skyrocketing cost of housing. This is unacceptable, especially in such a profitable and growing industry.

I support the proposed policy requiring airport and hotel employers to pay family-supporting wages of at least \$25 an hour, steadily increasing to \$30 an hour by the 2028 Olympics.

The workers who keep the tourism industry thriving must share in its recovery and growth. Raising the wage for workers in L.A.'s major economic engine will enrich all of our communities. The City Council has the power to ensure that tourism workers are healthy and housed, and I urge you to do all you can to move the Tourism Worker Rising Ordinance (Council File: 14-1371-S13) forward as quickly as possible and ensure tourism workers are healthy and housed.

Sincerely,

Como miembro de la comunidad, apoyo a los trabajadores que luchan por un salario digno para prosperar y sostener a sus familias.

Me angustia escuchar que los trabajadores del turismo se ven obligados a vivir en sus automóviles, o trabajando en dos trabajos sólo para llegar a fin de mes, porque los salarios son demasiado bajos para mantenerse con el costo de la vivienda. Esto es inaceptable, especialmente en una industria tan provechosa y sigue en crecimiento.

Apoyo la política propuesta que exige que los empleadores de aeropuertos y hoteles paguen salarios que mantengan a las familias de al menos 25 dólares la hora, y que aumenten constantemente hasta 30 dólares la hora para los Juegos Olímpicos de 2028.

Los trabajadores que mantienen próspera la industria del turismo deben participar en su recuperación y crecimiento. Aumentar los salarios de los trabajadores esenciales para la economía de Los Ángeles enriquecerá a todas nuestras comunidades. El Concejo Municipal tiene el poder de garantizar que los trabajadores del turismo estén sanos y tengan vivienda, y le insto a que haga todo lo posible para hacer avanzar la Ordenanza sobre el aumento de los trabajadores del turismo (Expediente del Concejo: 14-1371-S13) lo más rápido posible y garantizar el turismo. los trabajadores están sanos y alojados.

Atentamente,

Sincerely,
Xavier Perez
