A Neighborhood Council Community Impact Statement (CIS) has been successfully submitted to your Commission or City Council. We provided information below about CISs and attached a copy of the CIS.

We encourage you to reach out to the Community Impact Statement Filer to acknowledge receipt and if this Community Impact Statement will be scheduled at a future meeting. Neighborhood Council board members are volunteers and it would be helpful if they received confirmation that you received their CIS.

The CIS process was enabled by the Los Angeles Administrative Code §Section 22.819. It provides that, "a Neighborhood Council may take a formal position on a matter by way of a Community Impact Statement (CIS) or written resolution." NCs representatives also testify before City Boards and Commissions on the item related to their CIS. If the Neighborhood Council chooses to do so, the Neighborhood Council representative must provide the Commission with a copy of the CIS or resolution sufficiently in advance for review, possible inclusion on the agenda, and posting on the Commission's website. Any information you can provide related to your agenda setting schedule is helpful to share with the NC.

If the CIS or resolution pertains to a matter *listed on the Commission's agenda*, during the time the matter is heard, the designated Neighborhood Council representative should be given an opportunity to present the Neighborhood Council's formal position. We encourage becoming familiar with the City Council's rules on the subject. At the Chair's discretion, the Neighborhood Council representative may be asked to have a seat at the table (or equivalent for a virtual meeting) typically reserved for City staff and may provide the Neighborhood Council representative more time than allotted to members of the general public. They are also permitted up to five (5) minutes of time to address the legislative body. If the CIS or resolution pertains to a matter *not listed on the agenda*, the designated Neighborhood Council representative may speak during General Public Comments.

We share this information to assist you with the docketing neighborhood council items before your board/commission. If you have questions and/or concerns, please contact the Department of Neighborhood Empowerment at empowerla@lacity.org.

RE: COUNCIL FILE 24-0196

Nuisance Abatement Proceedings Reform

Position: SUPPORT

To the Los Angeles City Council:

The Watts Neighborhood Council respectfully submits this Community Impact Statement in support of Council File 24-0196 regarding improvements to nuisance abatement administration, enforcement, governance, implementation, oversight, and resource allocation.

Residents of Watts deserve clean, safe, and well-maintained neighborhoods. Unfortunately, nuisance properties, illegal dumping, neglected sites, hazardous conditions, and chronic code violations continue to impact quality of life throughout many underserved communities.

When nuisance conditions persist, the consequences extend beyond aesthetics. They can contribute to public health concerns, fire risks, illegal activity, reduced economic investment, and diminished community confidence. Residents should not have to wait years for enforcement actions to address conditions that threaten neighborhood well-being.

The Watts Neighborhood Council supports efforts to improve accountability, transparency, coordination, and effectiveness within nuisance abatement programs.

For these reasons, the Watts Neighborhood Council supports Council File 24-0196 and urges the City to prioritize effective implementation and oversight.

In Service,

Jacquelyn Badejo

Chair, Watts Neighborhood Council
