Council File No: 24-0209

Comments for Public Posting: Age and prior captivity experience led to the death of the older cows - THE END. No elephants. No lions. No hippos. Since you're caving to the activists - CLOSE THE ZOO. If the Mayor wants to focus on CORE city services - CLOSE THE ZOO. The Council has never respected the expertise and dedication of the staff who are charged with the care of over 1,000 animals. The Mayor wants to eliminate positions at the zoo and increase the admission while downgrading the visitor experience - CLOSE THE ZOO. City is suing the non-profit (GLAZA) and there is currently no fundraising mechanism in place - CLOSE THE ZOO. Don't worry, only a handful of constituents and all LAUSD elementary schools will care - CLOSE THE ZOO. I'm sure Raman would rather use the zoo for street vendors and housing anyway.
