The following reports are submitted for the consideration of the Los Angeles City Council. The dashboards are separated by components (outreach, interim housing, and permanent housing) and are meant to display progress in addressing the crisis of homelessness within the City of Los Angeles. The Los Angeles Homeless Services Authority has committed to uploading these reports regularly to Council File 24-0211 moving forward. Please keep in mind that the reports show aggregation information for the month prior. In addition, all previous reports should be disregarded.
