Comments for Public Posting: Good Morning, We are reaching out on behalf of the clerical support staff in the Bureau of Contract Administrations Office of Wage Standards. AFSCME Local 3090 is requesting that our clerical staff be considered to be added to the motion adding 5.5% for other classes performing duties related to implementing and enforcing wage theft programs. Our members will be supporting the work of the classes chosen for the 5.5% bonus, and it would not be equitable for our members to be excluded from the bonus. We would appreciate your consideration in this matter. Thank you.
