

## ADOPTED BUDGET RECOMMENDATION

Instruct the Department of Recreation and Parks (RAP), in consultation with the Community Investment for Families Department, to report to the Neighborhood and Community Enrichment Committee with a plan to transition the provision of childcare operations from the RAP to non-city providers and for its expansion. The report should include: a timeline for the transition, the childcare facilities for which operations will be transitioned to an outside provider, the facilities that the City will continue to operate, the costs for outsourcing childcare services as compared to the costs for services when the City provides them, and current and projected enrollment and capacity for each facility.
