Comments for Public Posting: The proposed cutting of public parks budget is an outrage! Public parks in the area are already so underfunded and we do not need to be redirecting those funds to places that do not benefit our local LA community. Do not cut the parks budget, and if you need additional funds rearranged in the budget may I suggest less going to the LAPD?

Comments for Public Posting: Please do not cut the funding for the Parks Department! Parks do wonders for our community, especially here where we get so much sunshine to enjoy them. The LAPD does NOT need an increase in funding. What the budget would really benefit from is an audit of the LAPDs expenses and see all of the wasted tax dollars being unnecessarily spent.

Comments for Public Posting: In regard to defunding public parks and park staffing: please don't! Our parks are already understaffed and provide a much needed outdoor space in the City of LA. We need more park maintenance, not less! Not only will visitors be harmed, but so will the environment and ecology of these parks (which also increases fire risk as we go into fire season). I do NOT support increasing LAPD funding again, especially at the cost to our parks, which greatly benefit the entire community, unlike LAPD, which primarily works to benefit itself and already received a hugely outsized portion of the budget.

Comments for Public Posting: I am FOR the Mayor's budget for public safety. For housing of the homeless. Homeless situation needs to be addressed with more inside safe operations.
