Comments for Public Posting: The senior meal program is most necessary for seniors my age (84), who no longer drive and look forward to meals that are delivered. I live alone, have no family in California and appreciate the Everytable meals more than you know. If it must be cut back, cut back the young ones 65 - 70 years old, many who still work, drive, and have families to deliver and prepare food. Also charging a small fee for the service would work for many of us, rather than have it cut off completely. I always tip the delivery driver. Thank you. I wish to be Anonymous

Comments for Public Posting: Hello and thank you for allowing me to share with the City Council the many reasons to please , please do not end the Senior Meal Program. I am speaking on behalf of my 80 year old homebound mom. I am her daughter and primary caregiver. I work full time, live about 30 mins from moms house. During the work week I cannot go grocery shopping for her. There are times I have to have food delivered to her. She has multiple health concerns that limits her from leaving her home. Mom depends on the Senior Meal Program that is delivered to her weekly for delicious healthy meals when I cannot cook or bring her food. During covid and post covid this program was able to deliver free meals to my mom and we have been so thankful. I am thankful for the emails, customer service and I am more than happy to speak up on behalf of my mom in order to save this much needed program. The senior demographic is so great - it would be such a shame if our seniors have to suffer without this program. Please, please, PLEASE do not defund this program. Cathy Delmendo(dtr) delmendocathy@yahoo.com Please contact me if there is anything else I can do to help save this program!
