Comments for Public Posting: Dear L.A. City Councilmembers, Please OPPOSE council file # 24-0656 which is the resolution requesting a ceasefire in Gaza. This anti semitic motion has brought forward by 3 members of the Democratic Socialists of America (DSA) and should serve as a reminder of how antisemitism is cultivated and legislated into widespread acceptance. As a national leader, the city of Los Angeles must stand with the Jewish community and condemn the false, hateful rhetoric contained in this resolution. To be clear: Councilmembers Hernandez, Raman, and Soto are members of an organization (DSA) that on Oct. 8th, hosted nationwide celebrations in honor of the rape, multilation, torture, buring alive and mass murder of innocent civilians in Israel. They have justified rape and sexual torture as "resistance". The group they're asking the city to support, Hamas, still has 116 hostages who were taken captive on Oct. 7th - eight of them are Americans. It is unknown how many are still alive. Many of the victims on Oct. 7th, were peace activists who lived close to the border so they could provide transportation for people living in Gaza to receive medical care provided to them in Israel BY Israel. Why aren't these DSA members asking for a ceasefire in Russia where they've sustained a reported 500,000 deaths due to the response from the war they declared on Ukraine? Other than a perfunctory reference to the attack by Hamas on October 7, the text of the resolution is a diatribe against the Jewish state. Using Hamas-run Gaza Ministry of Health figures, the resolution authors conveniently ignore the fact that on May 8 the United Nations dramatically revised the number of women and children in the death toll. The text places the blame for civilian deaths on the Israeli military rather than on Hamas, who broke a ceasefire, declared war on Israel and uses their civilians as human shields. Any resolution on the Israel-Hamas War should incorporate all the following points: 1. The October 7th attack was the largest massacre of Jewish people since the Holocaust. Hamas wiped out entire families. Israel has the right and moral obligation to defend itself. 2. Hamas is a U.S.- designated terrorist organization that uses human shields and operates from civilian areas.

3. Hamas committed rape and sexual torture on October 7th – and subsequently later in Gaza. We believe women, ALL WOMEN, when they say they've

been sexually assaulted. We acknowledge the widespread failure to honor this commitment, has caused immeasurable grief for the victims and for Jewish women globally. 4. Hamas rejected and continues to reject Israeli ceasefire offers. On June 3, 2024, State Department Spokesperson Matthew Miller said, “The roadblock right now to a ceasefire is not Israel – the roadblock to a ceasefire is Hamas.” 5. We acknowledge there was a ceasefire in place on October 6, 2023 which was broken by Hamas. It has been confirmed that many of the civilian population of Gaza have been complicit in war crimes by holding hostages in their homes, and that Hamas has said it plans to carry out attacks like October 7 "again and again". For these reasons, it's clear that the elimination of the governing and military capabilities of Hamas is an absolute necessity in order to have a lasting ceasefire. It is important to understand that Israel wants peace, not only in Israel but with their neighbors. If the people of Gaza are ever to be free, they must be free of Hamas. Thank you.

Comments for Public Posting:	Regarding a ceasefire in Gaza. 1. What authority do you have over foreign policy? More importantly have you ever intervened on any other foreign matters? Any thoughts on Sudan where there is an actual genocide ongoing or any other war for that matter? How about Russia/Ukraine - how many casualties have amounted due to that war? 2. Hamas has routinely turned down ceasefires 3. Why is there no mention of getting the hostages back? 4. Israel did not start this war Hamas did 5. Not sure why we are even having a discussion for a ceasefire on a US designated terrorist organization Wars are ugly and Israel did not want this war. Israel needs to ensure its safety and secure its borders and is fighting a war any country would do if it were attacked as Israel was.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	Regarding the proposed Ceasefire resolution. I am AGAINST this resolution for the following reasons: 1 - you have no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Adina Goldstein

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Noam Barenholtz

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, G Yonaty 90035

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Marcella Gross

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Lefkowitz 90049

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Dr. Rick Mendelssohn

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Karen Hochberg

Comments for Public Posting: As your constituents and concerned bipartisan Americans, we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza! There is NO upside to voting for this resolution, but the downside is extremely harmful to the community. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering town councils have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and has since responded to the peace offering with 20 years of kidnappings, terrorist attacks, suicide bombings, and 30,000 rocket attacks against Israel [6-8]. Their stated goal is the annihilation of the world's only Jewish state and the murder of Jews around the world. On October 7, 2023, Hamas made good on that promise by attacking Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10].

Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. As long as Hamas remains in power, the cycle of violence will continue. The only way for this war to end with lasting peace for Israelis and Palestinians alike is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Aviva R. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Lori Rudensky

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Michelle Zwen

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Michael Pinter

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Rosemary S. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Monica Feffer

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Brenda Belferman

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Katelynn Plotnic

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Julie Weil 90210

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Rina Schiowitz

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: I am writing to express my profound outrage and deep concern regarding the appalling and terrifying mob attack that targeted the Jewish community, Adas Torah synagogue in the Pico Robertson and surrounding areas in Los Angeles yesterday. The events that transpired were not only horrifying but also a stark reminder of the historic traumas and dangers that such violent actions bring upon communities at risk. Pogroms have a devastating history of traumatizing and endangering Jewish communities. The recent incident in Los Angeles is a chilling echo of these dark times, where individuals are subjected to fear and violence simply because of their identity. The mob, reportedly including individuals associated with Hamas, violently beat Jewish residents and forcing the Jewish community to defend themselves in the face of such violence. This mob mentality is a dangerous and insidious force that spreads rapidly, threatening the safety and well-being of innocent people. If it had not been for the brave members of the Persian Jewish community, the destruction and harm could have been far worse. The Jewish community carries generational trauma from pogroms in Russia, Mashhad, and Poland. Los Angeles should not be the next name on this tragic list. This is not acceptable. It is utterly unacceptable that Jewish citizens should feel the need to defend themselves in such situations. The Jewish community will not go like sheep to the slaughter. This is not the 1930s. We will defend ourselves. However, it is the duty of our law enforcement and elected officials to ensure that it never comes to this point. Where is the protection and security that our taxpayer money is supposed to ensure? It is the duty of our law enforcement and elected officials to safeguard all communities, yet the response to this attack has been alarmingly inadequate. If this kind of violence had targeted any other group, there would be outcries across the state and the nation. The apparent lack of immediate and decisive action is deeply troubling and cannot be ignored. This is not just a failure of security; it is a failure of our society to uphold the principles of safety, justice, and equality for all its citizens. We demand immediate and concrete action to address this grievous incident and to prevent such attacks in the future. The Jewish community, like any other, deserves to live without fear of violence and persecution. We call upon the LAPD, the Mayor, and all elected

officials to: 1. Conduct a thorough investigation into the mob attack and hold those responsible accountable for their actions. 2. Ensure that individuals who are arrested and found to be in the country illegally are deported. Those responsible for such heinous acts must face real and severe consequences to prevent such incidents from recurring. 3. Increase security measures in neighborhoods and community centers that are at risk of such attacks. 4. Implement comprehensive strategies to combat hate crimes and mob violence, ensuring that all communities feel protected and supported. Peace through strength must be the guiding principle. 5. Provide resources and support to the victims of this attack to help them recover from the trauma they have endured. This horrific event should serve as a wake-up call. It is imperative that decisive action is taken to ensure that such atrocities are never repeated. The Jewish community and all communities in Los Angeles deserve to live in peace and security, free from the fear of violence. We demand justice, protection, and accountability. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Lauri Barbanel
