Comments for Public Posting: The fact that a ceasefire resolution is even being considered in the wake of a violent protest in our city is beyond horrifying. The fact that the city is willing to express support for a TERRORIST ORGANIZATION thousands of miles away before the protection of its OWN CITIZENS is mind boggling. And yes, a ceasefire resolution IS expressing support for Hamas, because historically the only party in this conflict that respects ceasefires is Israel, and the only party in this conflict that doesn't respect ceasefires is Hamas. You are empowering those who terrorized our city just a few months ago and you are saying it is okay and expected for Hamas to continue stabbing, bombing, and murdering innocent Israelis while Israel stands by and does nothing. As a citizen of Los Angeles, I expect better from you. Do better. Protect our citizens and focus your energy where it belongs, in our city.
