**Comments for Public Posting:** I'm a Los Angeles resident calling on you to support the a ceasefire resolution, similar to 24-0656 introduced by LA Council Members Hernandez and Raman. Palestinians in Gaza are suffering through an eighth month of massacres, airstrikes, shootings, forced displacement, hunger, and lack of water. They are desperately in need of food, medical care, and shelter. Over 37,000 men, women, and children have been killed in Gaza. Please support a permanent and immediate ceasefire now. One day, we'll look back and think this was obvious. Let's be on the right side of history.

**Comments for Public Posting:** I strongly oppose the Gaza Ceasefire resolution. This resolution will do nothing to solve the situation in Israel as it battles the Hamas terrorists or help the civilians in harms way. The only thing this will do is further divide the city, and likely increase acts of anti-semitism, which are already at an all time high. Please stay focused and work harder to solve our problems here at home and vote against this resolution.

**Comments for Public Posting:** I ask that you cease the ceasefire comments and focus on CA issues. Antisemitism is at an all time high and Americans are turning against each other and divided more than ever.
