Comments for Public Posting: Please vote NO on a CeaseFire Resolution With all due respect, 1 - The defined role of your council is to protect your city and not engage in international affairs. You have no authority regarding foreign policy. 2 - There has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - There is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - The attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. Israel is legitimate. 5 - Israel moved out of Gaza in 2005 – as one of its numerous gestures of peace that have been rejected and met with increased violence by the ruling government of the Gaza strip. If you want this war to end, do NOT call for an Israeli ceasefire, which will allow Hamas to retrench and re-strengthen. Rather, call for Hamas to surrender and release all the hostages. But again, your role is to protect our city and not cherry pick international causes to appease those with the loudest voices. Thank you for your time,

Comments for Public Posting: I am writing to express my profound outrage and deep concern regarding the appalling and terrifying mob attack that targeted the Jewish community, Adas Torah synagogue in the Pico Robertson and surrounding areas in Los Angeles yesterday. The events that transpired were not only horrifying but also a stark reminder of the historic traumas and dangers that such violent actions bring upon communities at risk. Pogroms have a devastating history of traumatizing and endangering Jewish communities. The recent incident in Los Angeles is a chilling echo of these dark times, where individuals are subjected to fear and violence simply because of their identity. The mob, reportedly including individuals associated with Hamas, violently beat Jewish residents and forcing the Jewish community to defend themselves in the face of such violence. This mob mentality is a dangerous and insidious force that spreads rapidly, threatening the safety and well-being of innocent people. If it had not been for the brave members of the Persian Jewish community, the destruction and harm could have been far worse. The Jewish community carries generational trauma from pogroms in Russia, Mashhad, and Poland. Los Angeles should not be the next name on this tragic list. This is not acceptable. It is utterly unacceptable that Jewish citizens should feel the need to defend themselves in such situations. The Jewish community will not go like sheep to the slaughter. This is not the 1930s. We will defend ourselves. However, it is the duty of our law enforcement and elected officials to ensure that it never comes to this point. Where is the protection and security that our taxpayer money is supposed to ensure? It is the duty of our law enforcement and elected officials to safeguard all communities, yet the response to this attack has been alarmingly inadequate. If this kind of violence had targeted any other group, there would be outcries across the state and the nation. The apparent lack of immediate and decisive action is deeply troubling and cannot be ignored. This is not just a failure of security; it is a failure of our society to uphold the principles of safety, justice, and equality for all its citizens. We demand immediate and concrete action to address this grievous incident and to prevent such attacks in the future. The Jewish community, like any other, deserves to live without fear of violence and persecution. We call upon the LAPD, the Mayor, and all elected

officials to: 1. Conduct a thorough investigation into the mob attack and hold those responsible accountable for their actions. 2. Ensure that individuals who are arrested and found to be in the country illegally are deported. Those responsible for such heinous acts must face real and severe consequences to prevent such incidents from recurring. 3. Increase security measures in neighborhoods and community centers that are at risk of such attacks. 4. Implement comprehensive strategies to combat hate crimes and mob violence, ensuring that all communities feel protected and supported. Peace through strength must be the guiding principle. 5. Provide resources and support to the victims of this attack to help them recover from the trauma they have endured. This horrific event should serve as a wake-up call. It is imperative that decisive action is taken to ensure that such atrocities are never repeated. The Jewish community and all communities in Los Angeles deserve to live in peace and security, free from the fear of violence. We demand justice, protection, and accountability. Comments for Public Posting: The proposed city council resolution is misguided and those who vote for it are ignorant. You have NO AUTHORITY over foreign policy. Hamas has never obeyed a ceasefire, October 7 was a violation of the ceasefire. Israel is a legitimate country, as defined by the UN and October 7 atrocities took place within its boundaries. You should worry about Los Angeles and start doing a better job here in Los Angeles-Do what you are paid to do- and stop dabbling where you have no business- and at least get educated on the true facts and stop backing a TERRORIST organization.

Stay out of middle eastern politics, out of europe, out of asia. In case you didn't know, THIS IS LOS ANGELES CITY COUNCIL. This is NOT a federal government, not even state government. This is NOT appropriate for this body. Don't we have a homelessness crisis you know housing emergency in ED-1 going on? There are broken pipes, buckling streets, a deficit of a city budget. There is so much going on in Los Angeles, what special interests are driving this? Who bribed Eunisses and Nithya to do their bidding this time? Vote no. It's written very poorly, simplifies a complex issue, gets so many facts flat out wrong, and encourages more blood shed. Why don't you bother improving LA first before trying to distract voters with your performative bullshit

Comments for Public Posting: Regarding the Ceasefire resolution being considered by the City Council, the proposed resolution is misguided and makes those who vote for it appear foolish for several reasons: The City Council has no influence or authority when it comes to foreign policy decisions. Time and again, ceasefires have been declared, each one celebrated by Hamas as a victory, even as they broke the terms of the previous agreements. It defies logic to believe that another ceasefire will bring peace, especially when all previous ones have been violated by Hamas. Critics base their arguments on the premise that Israel is illegitimate. However, the October 7 attacks occurred within the boundaries set by the original UN partition plan, UN Resolution 181, established in 1947.

Comments for Public Posting: Please vote NO on this deeply misguided City Council resolution. Foreign policy is NOT the purview of the Council which has neither the authority nor the expertise to issue any resolutions on this issue. Furthermore, calling for a ceasefire which, in practice, would only bind one party (Hamas being a terrorist organization which has a long history of violating ceasefires including the one that was in effect on Oct 6) does nothing but incentivize Hamas and other proxies of the Iranian regime to commit more terror. This resolution will serve no purpose but to make the Council a national laughingstock. Perhaps the Council might, instead, focus on fighting domestic terrorism in the streets of LA.

Comments for Public Posting: Dear Mayor Bass, We are outraged! Yesterday, in Los Angeles, a violent mob of pro-Hamas demonstrators beat up Jewish people as they were coming out of the Adat Torah Synagogue in the Pico Robertson area. Afterwards these same masked demonstrators chased and threatened Jewish people walking in their neighborhood. As the Mayor of Los Angeles, you have a solemn duty to ensure the safety and security of all residents, particularly in times of heightened threat and vulnerability. The threat and danger to the Jewish community is apparent. Our elected officials owe us safety and protection, especially when hate and violence are perpetrated so blatantly. We need you to take immediate and decisive action to safeguard the Jewish community. We need leadership that stands AGAINST violence and prioritizes the safety and well-being of all its citizens without hesitation. We demand an immediate and thorough investigation into these events and the actions (or inactions) of the LAPD under your directive; serious accountability for the perpetrators; and robust measures to prevent any recurrence of this illegal, violent, discriminatory behavior. The Jewish community and indeed all residents of Los Angeles, deserve to feel safe and protected in their own city. It is imperative that you address this promptly and transparently. Your administration must make it unequivocally clear that hate and violence have no place in Los Angeles and that any future threats will be met with a swift and appropriate response. We expect to see a public statement from your office addressing these concerns and outlining the steps you will take to rectify this situation and prevent similar occurrences. Leadership requires action, and the time to act is now. Farzad Feiz DDS

Lastly, please note that Hamas Robbed Gaza from the palestinians Since 2005, Israel has been out of Gaza (4), which could have become a renowned seaside resort – with jobs and a vibrant economy. Sadly, Hamas stole billions of dollars of UNRWA aid from the Palestinians. Instead of using this money towards infrastructure, Hamas and UNRWA used it to create 450 miles of terror tunnels to commit the worst genocide of Jewish people since the Holocaust on October 7 (5).

Comments for Public Posting: I am writing today about the deeply misguided and wildly inappropriate proposed city council resolution regarding a ceasefire in Gaza is misguided and makes those that vote for it appear foolish, naive, uninformed or even antisemitic for several reasons: 1. They have no authority regarding foreign policy. This is a city council. Our city happens to be Los Angeles, not Gaza. 2. There has been a long string of ceasefires between Israel and Hamas throughout the last 18 years. It was Hamas, not Israel, that has broken every single one of them. It is up to Hamas, not Israel, to cease fire. 3. As such, there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4. Any argument that is predicated on the idea that Israel is an illegitimate state is not only antisemitic, but deeply flawed. The October 7 Hamas massacre and attacks took place within the boundaries of the partition defined in the original UN partition plan, UN Resolution 181, in 1947. It is time for the leaders of this nation (and this city) to stop apologizing for terror and kowtowing to the terrorists. This resolution must be defeated.

There was a ceasefire on Oct 7 even though Hamas had been lobbing rockets into Israel hitting civilian areas. Hamas has vowed to destroy Israel and to kill every Israeli. Is that the type of organization your city wants to embolden? And why has this conflict caught the attention of your city yet much worse conflicts with much higher deaths of civilians have been ignored? The answer is obvious. Jewish lives matter. Enough with encouraging terrorist group and terror supports. Karen baytch

Comments for Public Posting: Representing constituents nationwide and worldwide citizens, we urge you to vote NO on the ceasefire resolution. Your role is to protect the city, not engage in international affairs. Numerous global crises demand attention beyond the Israel-Hamas conflict. The conflict is defensive, with Hamas targeting civilians and Israel having the right to protect its people. Ceasefire resolutions are part of a global agenda to delegitimize Israel. Choose truth and morality over hate and lies. Call for Hamas to surrender and release hostages instead of an Israeli ceasefire. Stand on the right side of history.
