Comments for Public Posting:	I regard the City Council proposed vote for a ceasefire in Gaza as misguided because: 1 - The Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. This is a complicated issue and can not be ameliorated or solved by silly ceasefire proclamations. It reduces a complex issue into black and white and causes community divisions.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Hamas is engaged in a global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According

to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Nicole Bootel 91345

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting:	Have the citizens of LA not learned that these zero-impact virtue-signaling voter-grab statements just lead to antisemitism by people who do NOT want a ceasefire but instead want Israel, a US ally, to be wiped from the map? Are there any adults in charge? There is just no logical thinking that these statements have any impact (except on the Jewish citizens of LA, who may or may not support the war, though no one bothers to ask before attacking them). How many more LA events need to get in the news because you don't know the fact that anti-zionist IS antisemitism not matter what non sensical argument you make. (Try replacing any arguments with Asian, Black, LGBT populations and see how that works. If you want to use the ban ethonostate argument, please include Japan, North and South Korea, Iceland, Armenia.) When did the liberal city council decide to support a US recognized terrorist organization and ENCOURAGE them to keep hostages by demanding a ceasefire without their return. Stop pandering, get a conscience and maybe sleep better by doing the right thing, take care of the homeless and stop pretending to have an impact on the Middle East. Oh, and logic. Please use logic. Here is a summary of all the ineffective ceasefire resolutions which instead incite antisemitism: https://www.timesofisrael.com/how-ceasefire-resolutions-on-faraway-gaza-are-sowing-seeds-of-hate-in-us-cities/

The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	Dear Council, I respectfully urge this council to reject the "Ceasefire Resolution" that has been proposed. This council has no real authority regarding foreign policy. The proposal, as written, serves to bolster terrorist sympathizers within the immediate community and fuels antisemitism. I thank you for your careful consideration to this most serious matter. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	I feel that the proposed city council resolution is misguided and makes those that vote for it appear foolish for several reasons. 1 - they have no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate, which is not the case! The October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting: This email is regarding the city council interfering with Israel affairs in wake of defending herself while the terrorists in Gaza and lebnon know as hamas and hezbolah are attacking Israel and wanting to kill every single Jew. Your job here is to protect the people of Los Angeles when we are attacked in front of our Sinagouge (June 23 on pico Blvd in front of Adas Torah Sinagouge). City council has no place in making resolutions regarding international affairs and certainly not for the people of Israel. It's good enough if you at city council try and do YOUR job RIGHT.

Comments for Public Posting:	In response to the violence on June 23rd outside the Adas Torah Synagogue, your council's response to these outrageous acts against your community members is to ignore the heinous behavior of the attackers and instead seek to effect foreign policy. That is a remarkable conclusion and utterly ridiculous. Your solution of calling for a ceasefire does nothing to stem violence in your community and certainly will not result in a ceasefire. Please recall that this war began during a ceasefire as a result of Hamas violating the most recent one, as they have done repeatedly. Surely we can learn from their past actions that a ceasefire punishes Israel and does nothing in the long run to truly end violence. Time and again Hamas refuses to consider a path forward to end this war, regardless of which country makes the proposition. Please consider your response to this aggressive event more carefully, as you are being watched all over the country and what you chose to do speaks volumes about your capacity to serve the members of your community and keep them safe.

Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Comments for Public Posting:	I wish to express my disapproval of any legislation from your Council that supports a demand for an Israeli ceasefire. First, it is not in your domain to make demands on a legitimate government. Israel happens to be defending its people from aggression by an enemy (Hamas). You are well-aware that the heinous attacks by Hamas against innocent people of many nationalities were within the internationally-recognized and accepted boundaries of the Israeli nation. Just as you would support defending your own family from violent criminals, Israel has the right and Obligation to do the same. I am asking you to adjust your moral compass and desist from making fools of your city council. Thank you. Fraida Estrin

Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: the proposed resolution should be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Comments for Public Posting: You guys are considering a foolish and dangerous resolution that calls for a ceasefire in the current war—a war that is happening in the wake of a long string of unilateral ceasefire violations. I believe that such a resolution is not merely misguided but also an encouragement to the violent protestors on June 23. The proposed resolution should be voted down for several simple and clear reasons. 1. The City Council has no authority regarding foreign policy. 2: There has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3: There is no rational way to explain how the problem can be solved by another ceasefire when every previous ceasefire failed due to Hamas violations. 4: The attackers predicate their arguments on the idea that Israel is illegitimate, but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan (UN Resolution 181 of 1947).

Comments for Public Posting:	I am a long-term resident of Los Angeles in the South Robertson Neighborhood (SORO) (zip code 90035). As a constituent and active voter, I urge the Los Angeles City Council and the SORO Council to vote NO on any ceasefire resolution about the war in Gaza. I am sad that local government entities appear to have become part of the ceasefire resolution process, which I believe to be part of the global public relations campaign by the terrorist organization Hamas to cover up its continuing war crimes against both Israelis and Palestinians. I respectfully request that that the Councils vote NO on any ceasefire resolution about the war in Gaza. Thank you for listening.

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	The war that Israel is part of in the Muddle East is simply to rid the world of a terrorist group that not only wants the destruction of Israel but wants to annihilate the Jews all over the world. And if they accomplish this, make no mistake, they will come after other groups who do not follow their religion/way of life. Hamas and all those who support them including those inside of Gaza are the ones to blame for deaths of innocent Israelis and others who were brutally murdered on Oct 7 and many, many innocent Palestinians who have been caught in the crosshairs. A cease fire will not solve the problem of Hamas and other terrorist organizations. Please handle agenda that affects LA citizens and not those thousands of miles away.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Galyn Susman

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting:	You should not vote on a cease fire. City Council has no authority regarding foreign policy. Also, there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. There was a ceasefire on October 7 when they massacred innocent Israelis and took hostages! there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Rachel Hammerman

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, William K. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Risa Mandelberg 91316

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: This city is failing so many people on so many levels, it has failed to provide education for the youth of Los Angeles, it fails to protect the residence of Los Angeles from crime. Homeless wander the streaks, drug use is widespread. I can go on and on and list all the ridiculous failures that this city has inflicted on the taxpaying citizenry. It has even allowed programs to occur on its streets with police watching and taking no action. The council should at least have the basic intelligence to stick to that purview for which it was elected.

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Jaime Schneider

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Naomi Rotter

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Cheryl DeSure

Comments for Public Posting:	I feel that the proposed resolution is shopuld be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting:	I write regarding the proposed resolution for a ceasefire between Israel and Hamas. I feel this should be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. I think taxpayer money that pays city officials for their time should be spent on city affairs. Not foreign affairs, over which they have no jurisdiction. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. Thank you for your attention to this matter, Miriam Weiss, MD

Comments for Public Posting: I oppose the ceasefire resolution, not because I don't want peace but because the resolution disproportionally places the blame on the wrong party. Even if the City Council had authority to issue resolutions regarding foreign policy, which it does not, doing so here only seems to inflame anti-Israel and anti-Jewish hate. No city government should support or even worse endorse hate. Additionally, there has been a long chain of ceasefires, which were hailed by Hamas as victories, all while continually violating the previous ceasefire. There is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. The attackers predicate their arguments on the idea that Israel is illegimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. No other state no matter how stored its past has ever been told it should no longer exist. Look at the histories of the US, Canada, Germany, Russia, Iran, Iraq, South America, China, and on … not once has there ever been a call to eliminate those states so why Israel, the only Jewish state in the world and also a state falsely accused of inhumane acts. Vote no so that there can be peace for Israelis AND Palestinians. End Hamas!

Comments for Public Posting: Vote NO on this antisemitic motion. Shame on corrupt and hateful politicians Eunisses Hernandez and Nithya Raman, who know nothing about middle eastern politics or culture, other than how to hate jewish people. In case you didn't know, THIS IS LOS ANGELES CITY COUNCIL. This is NOT a federal government, not even state government. This is NOT appropriate for this body and a slap in the face to every Israeli and Palestinian immigrant in the City of Los Angeles. Don't we have a homelessness crisis you know housing emergency in ED-1 going on? There are broken pipes, buckling streets, a deficit of a city budget. There is so much going on in Los Angeles, what special interests are driving this? Who bribed Eunisses and Nithya to do their bidding this time? Vote no. It's written very poorly, simplifies a complex issue, gets so many facts flat out wrong, and encourages more blood shed, not to mention MORE genocide. Why don't you bother improving LA first before trying to distract voters with your performative bullshit

According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: The proposed resolution is should be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the all the previous ceasefires. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: Please oppose resolution CF 24-0656 demanding a cease fire in Hamas's war with Israel. City Councils have no authority regarding foreign policy. In addition, there has been a long chain of ceasefires, which were hailed by Hamas as victories after Hamas breached the previous ceasefire. The problem there cannot possibly be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. Israel is an independent nation that has the right to defend itself and to conduct a war. Even if Hamas and Palestinians believe that Israel is illegitimate, their October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. Consideration of this cease-fire resolution will encourage more violence and hate in the city, and that us NOT what the Council was elected to do!

There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	Vote no on the ceasefire resolution as this is not in the purview of a city council. Take action against the pro-palestinian groups that are violent, hateful and aggressive. Coming to a Jewish neighborhood to protest about politics in another country, Israel, is clearly anti-semitic. Institute and enforce a mask ban for protests. People are up to no good if they need to hide their faces.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting:	Whereas I'm sure that the country of Israel looks no further than Los Angeles, paragon of utopian civilization, for guidance on its minor disagreement with the local terrorist organization that wants it destroyed, I'd like to voice my opinion that Los Angeles tend to its barely noticeable flaws, such as its crime, drug and homelessness epidemics, instead of passing resolutions related to foreign affairs, which are well beyond its jurisdiction and purpose. (As I write this, I wonder: How many foreign matters this office weighs in on or has weighed in on in the past? And why not any of the others?). If it isn't too much to ask - stay in your lane and don't meddle in foreign affairs one way or the other.

Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Susan Theise and Friends

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting:	I feel that the proposed resolution should be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Comments for Public Posting:	The City Council is considering a foolish and dangerous resolution which calls for a ceasefire in the current war - a war which is happening in the wake of a long string of unilateral ceasefire violations. I believe that such a resolution is not merely misguided, but also an encouragement to the June 23 kind of violent protestors. As jews we do not feel safe in the city we grew up and love, please do not pass this resolution it will show the protesters that their protests and violence gets them what they want.

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Gail W. Weiss North Potomac, MD

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. Comments for Public Posting: Regarding the violence outside the Adas Torah synagogue, and the surrounding neighbood, on June 23. I am writing as an individual, since the Neighborhood Council, which typically has a full board meeting just once a month, has not YET taken any action on this issue. I am ashamed of my city, which failed miserably to protect my community and my friends. At the same time the City Council is considering a foolish and dangerous resolution which calls for a ceasefire in the current war - a war which is happening in the wake of a long string of unilateral ceasefire violations. I believe that such a resolution is not merely misguided, but also an encouragement to the June 23 kind of violent protestors. This is for Council File for resolution - CF 24-0656, specific to the ceasefire resolution. 1 - City Council has no authority regarding foreign policy. 2 - There has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - There is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - The attackers predicate their arguments on the idea that Israel is illegimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Comments for Public Posting: Remember September 11, 2001? The USA waged a massive war on the other side of the world and killed thousands of civilians when it responded to the 9/11 terror attacks. Far higher civilian casualties per militants killed and far away from our borders. No one marched. No one questioned. The USA did what had to be done. The world stood by our side. It was a given. In the USA, the attacks were impersonal - airplanes flying into buildings and the death and destruction that ensued. Horrible - yes. Yet… impersonal. In Israel, the attack of October 7 and those before and after are personal. Very much so. Genocidal. Vicious. Direct. Hand to hand, belly to belly, eye to eye. On October 7, and as often as they can manage, terrorists stabbed, shot, bombed, mutilated, raped, tortured, burned alive, beheaded men, women, children, babies, and the elderly. I saw the video of a boy in a blue shirt surrounded by grown men (savages really) screaming Allahuakbar gleefully and stabbing him and while he weakly writhed on the floor trying to protect himself - they took a garden hoe to his neck in an effort to behead him while he was alive! I still have nightmares. They attacked bed-ridden elderly people and babies with as much lust as they raped young women and girls and ravaged festival goers. Need a reminder? https://saturday-october-seven.com and https://www.screamsbeforesilence.com/ and https://www.hamas-massacre.net/ What is going on in Gaza is not genocide. It is a war. It is unfortunate and heartbreaking for any loss of life. Israel has done more than any other military in the world to warn, dropping leaflets and sending messages, making calls and doing their best to create safe passages for civilians to minimize casualties. Hamas embeds itself among civilians, in schools, hospitals, mosques and homes. They use ambulances to move from area to area knowing Israel will not target them there. It is devastating that since 2005, the powers that be in Gaza invested the billions of humanitarian aid into constructing over 300 miles of underground terrorist infrastructure rather than into civilian wellbeing. Some people forget that October 6 was a ceasefire. It was broken early Saturday morning on October 7, on the Jewish holiday of Simchat Torah. The inhumane atrocities committed by Hamas on October 7 are what began this war. Hamas can stop the war today by releasing all the hostages

(including the girls they took in to be sex slaves) and by laying down their arms. What else is possible now? Instead of asking for ceasefire - ask for the hostages to be released immediately and ask Hamas to lay down their arms. Furthermore, ask for an overhaul of the education system in Gaza - from indoctrination of hatred and vitriol and martyrdom to one of coexistence and prosperity and possibility. That’s an invitation for peace!

Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Pamela Scheinman

Comments for Public Posting: There was a ceasefire in place on October 6, 2024. That did not prevent the barbaric attacks on citizens of Argentina, Nepal, France, Thailand, France, Russia, and Israel - not to mention Americans many of whom are still held hostage. There is no reason after multiple broken ceasefires to assume Hamas would honor any ceasefire. Resolutions like this encourage more anti-Semitic attacks in our local area, state, and country. City Councils do not have experience or educational background to deal with issues of international politics.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting:	I feel that the proposed resolution is shopuld be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947.

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: The resolution for a ceasefire is misguided and hypocritical. The city council has no authority or expertise regarding foreign affairs and does not get into such matters — except when Israel is defending its existence and trying to get hostages back after a massacre. Moreover, a ceasefire would be an invitation to terrorists to massacre again and take more hostages. The city council should stick to solving the problems of the city.

Comments for Public Posting: As a concerned Americans,I join worldwide citizens of various faiths: Christians, Jews,Muslims,Hindus, & Buddhists, who are outraged at the increase in antisemitism in the USA & specifically in California which has seen frightening at increases at unprecedented rate. We seek safety of Jews in America & America, as a leader of democracy, adheres to its values. We ask you to codify the International Holocaust Remembrance Alliance (IHRA) definition of antisemitism into California State law. As citizens concerned over the dramatic state of Jew-hatred intensely escalating in our communities, we implore you to initiate & support this bill, take a necessary stand against Jew-hatred & recognize the importance of protecting Jewish civil rights. Over 30 states, including NY, Georgia, TX, Ohio, & Arkansas, as well as the DC, have passed this measure enacting IHRA. Both the U.S. Dept of State & DOT follow the IHRA definition of antisemitism. The IHRA definition of antisemitism is: “a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical & physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals, toward Jewish community institutions & religious facilities.” We invite you to explore IHRA at their website & review the attachedreport. Adopting IHRA will help ensure American Jews are safe & aligns with American democratic values & the Constitution itself: All people are created equal by their Creator and entitled to “life, liberty, and the pursuit of happiness.” Jewish in California have faced a rise in unprecedented level of antisemitism, assault, battery & vandalism. California was the state with the highest number of recorded antisemitic incidents in 2023 with 1,266 recorded incidents (ADL). Consider the following California statistics and incidents: Significant Increase in Antisemitic Incidents: In the Southern CA area, ADL recorded a total of 865 antisemitic incidents, up 146 percent compared to 2022, including: -22 Assaults, a 100 percent increase compared to 2022.- 524 incidents of Harassment, a 141 percent increase compared to 2022.-219 incidents of Vandalism, a 77 percent increase compared to 2022.-Rising Threats in Educational Institutions: Jewish students at various CA universities have faced harassment & hostile environments. For instance, incidents at UC Berkeley, UCLA, and other campuses have created a climate of

fear & insecurity among students, Jewish & non-Jewish alike. These environments not only disrupt educational experiences but also violate fundamental rights to safety &freedom from bullying, harassment & discrimination. Since 10/7/2023, there has been a 2000% increase in antisemitic incidents on college campuses across CA compared to the same period last year, according to the ADL. Adopting the IHRA definition helps law enforcement, educators & community members recognize & address antisemitic incidents effectively in 2 ways. 1) Motivation Assessment: Adoption of IHRA would allow the State of California to use the IHRA definition to determine whether alleged acts were motivated by antisemitism. This assessment is crucial for accurate reporting and appropriate responses. 2) Denying State Funds: Entities & institutions that do not comply with the IHRA definition of antisemitism will be denied state funds. This measure ensures accountability & encourages adherence to the principles of tolerance and respect; education & awareness are essential tools in combating hate. Adopting IHRA will enhance the existing Holocaust Ed Mandate in CA (SB1277 2023-2024 legislative session), that aims to improve Holocaust & genocide education, emphasizing the dangers of unchecked hatred & oppression. As an elected state official, your support for adopting the IHRA definition will contribute significantly to creating a safer & more inclusive environment for all CA residents. By codifying IHRA definition into state law, we can actively combat Jew-hatred & protect our communities. In addition to federal gov't & the 30 states, the following are embracing IHRA including: 1)the cities of Los Angeles & West Hollywood 2) CA BOE in its Ethnic Studies Model Curriculum 3) 6 CA state universities (Cal Polytech, Cal State Northridge, San Diego State Univ, UCLA, UCSB & UCSD) & 3 private CA Universities (Chapman & Stanford Universities & Foothill College). Please act swiftly to do the right thing sending a strong message of support for the Jewish community of CA by adopting the IHRA definition of antisemitism into CA law. Thank you, MACA

LETTER TO THE READER

THE VITAL ROLE OF THE IHRA WORKING DEFINITION IN COMBATING ANTISEMITISM FOLLOWING OCTOBER 7TH

Following Hamas' October 7th massacre, instances of discrimination, harassment, and violence against Jewish communities worldwide have surged, reaching a critical point of urgency. This escalating threat must be confronted with an acute awareness of its implications, by governments and administrations world wide. Every passing moment without decisive action allows the roots of antisemitism to grow deeper into society.

Within hours of Hamas launching its devastating assault in southern Israel, tens of thousands of demonstrators took to the streets across the Middle East, North America, Europe, and Australia, to celebrate the largest attack on the Jewish people since the Holocaust, including chants of "**Gas the Jews**." Such incitement has only multiplied and intensified globally ever since.

Diaspora Jewry is facing a disturbing reality. Jewish students on American campuses are facing an increasingly hostile environment. In recent Congressional testimony, the presidents of Harvard, the University of Pennsylvania, and MIT disturbingly asserted that calls for the genocide of Jews were considered a violation of their institutions' code of conduct only in specific contexts. Without understanding classic and contemporary manifestations of antisemitism, administrations, academia and media remain ill-equipped to combat this virulent hatred.

The unprecedented public rise of antisemitism across the ideological spectrum exemplifies the multifaceted nature of anti-Jewish hate and highlights the need for a definition that encapsulates its multidimensional nature. The International Holocaust Remembrance Alliance (IHRA) Working Definition of Antisemitism provides a comprehensive and internationally-recognized framework to delineate and address contemporary manifestations of antisemitism, fostering a shared understanding crucial for effective policy implementation.

We strongly believe that the IHRA Working Definition of Antisemitism captures the evolving characteristics of antisemitism. Embracing this definition is a key first step toward combating this reawakening of the world's most enduring hatred, is vital for creating a more inclusive and tolerant society, and ensuring the protection of the civil rights and safety of Jewish communities.

We call on decision-makers and elected officials around the world, at all levels of government, to embrace this definition in 2024 to help urgently halt the spread of hate.

HAVE ADOPTED OR ENDORSED THE WORKING DEFINITION

Since the **Working Definition of Antisemitism** was adopted by the International Holocaust Remembrance Alliance in 2016, it has gained remarkable mainstream acceptance and use across various sectors of society, reflecting a growing global consensus of the need for a standardized understanding of contemporary antisemitism.

A total of **97 new adoptions and endorsements were reported in 2023**, while retroactive data collection from previous years added another **3.** These adoptions account for a **6.6% year-over-year increase** from the total number of global adoptions of the definition in 2022, and a 9.0% increase in overall adoptions. More than one-third – **38.1%** – of adoptions and endorsements in 2023 took place in North America. In 2023, non-federal governmental entities accounted for about half of all adoptions, signaling an increasing commitment from local authorities worldwide to actively combat antisemitism.

Through the end of December 2023, a total of **1,216 entities** have adopted or endorsed the IHRA Working Definition of Antisemitism. The surpassing of the 1,200 milestone since last year's **report** compiled by the **Combat Antisemitism Movement (CAM)** and **the Center for the Study of Contemporary European Jewry at Tel Aviv University (led by Prof. Uriya Shavit),** is a telling indicator of the far-reaching impact and influence of the definition and its accompanying 11 contemporary explanatory examples of prejudiced and discriminatory behavior against the Jewish people.

The definition provides a clear and concise understanding of antisemitism as it is experienced by Jews today, helping to establish a common language and framework for identifying and addressing instances of hatred towards Jews. By encompassing various forms of antisemitism, including both overt acts and more subtle expressions, the IHRA Working Definition of Antisemitism recognizes the multifaceted nature of this prejudice across ideological and cultural divides, allowing for a more nuanced and comprehensive approach to combating antisemitism.

The working definition's widespread international acceptance is a testament to its credibility and utility. The definition facilitates a shared understanding among nations, organizations, religious groups, and individuals regarding what constitutes antisemitism.

The recent sharp increase in the number of antisemitic incidents worldwide calls for a thorough explanation of the reasons behind it. A close look at the available data reveals several clear findings:

There is rampant ignorance, especially among younger generations, regarding the history of the Jewish people and the State of Israel, the Holocaust, antisemitism, and the current geopolitical situation in the Middle East.

Large amounts of money coming from wealthy Middle Eastern countries, such as Qatar, are flowing to elite institutions of higher education in the West, financing lucrative endowments and shaping the worldviews of future leaders. Antisemitic and anti-Zionist ideas are often embedded in course materials that students are exposed to, fostering the development of distorted views about the Israeli-Arab conflict that are rooted in false propaganda rather than the facts of reality.

Stereotyped as "wealthy" and "influential," Jews are often tarred as an "oppressor," perpetuating age-old tropes long used to demonize Jews by blaming them for society's ills. In Nazi Germany, Jews were "communists." In the Soviet Union, they were "capitalists." And today, in the West, they are often viewed as "privileged," despite their minority status.

As demographic changes and technological developments have helped propagators of Islamic fundamentalist ideologies make in-roads in some parts of society in Europe and North America, Israel-related antisemitism has surged as a result.

Furthermore, the increased involvement of non-democratic countries in United Nations entities, such as the Human Rights Council, has abetted international efforts to delegitimize Israel, the leading democracy in the Middle East.

Driven by a common mission of challenging the contemporary liberal world order, autocratic nations such as China, Russia, and Iran view the undermining of Israel, a key ally of the United States and its global standing, as a means of hurting Western interests.

The power of social media networks to distribute information, misinformation, and disinformation in mere seconds to tens of millions of people across the planet is now further exacerbated by the growth of artificial intelligence, which can quickly create and promote non-existing realities.

All these factors, joined together with the proliferation of classical antisemitism, form the global infrastructure for thriving antisemitism, including its anti-Zionist forms, in modern times.

ADOPTION AT THE INTERNATIONAL AND NATIONAL LEVELS

Adopting the IHRA Working Definition of Antisemitism is crucial in the global fight against this deeply-rooted form of discrimination. By establishing a standardized definition, countries, local governments, institutions, and individuals can develop a unified approach, fostering consistency in monitoring and responding to antisemitic incidents.

UN Secretary General António Guterres

UNITED NATIONS

In 2019, then-United Nations Special Rapporteur on Freedom of Religion or Belief Dr. Ahmed Shaheed issued a groundbreaking report addressing global antisemitism. This report, the first of its kind from the UN solely dedicated to antisemitism, recommended that all member states adopt the IHRA Working Definition of Antisemitism. Building on this, Dr. Shaheed released in 2022 an **Action Plan to Combat Antisemitism**. Subsequently, in 2023, the UN General Assembly passed a resolution condemning Holocaust denial and urging nations and social media companies to actively combat antisemitism and prevent Holocaust denial and distortion.

United Nations General Assembly

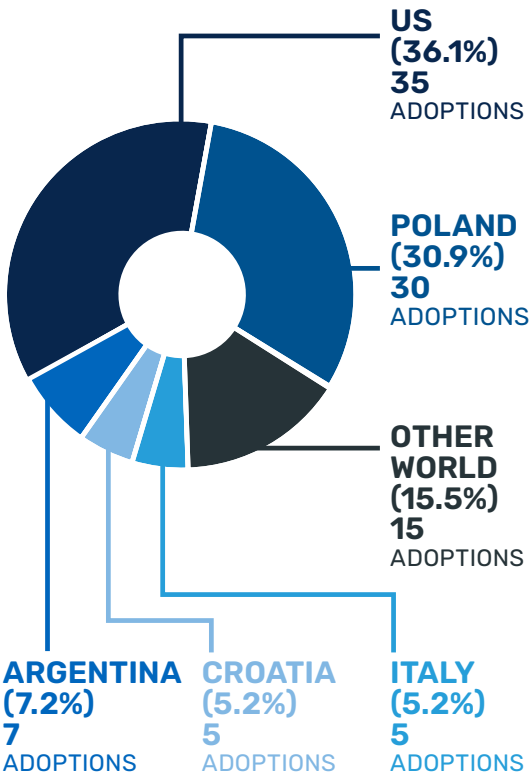

Following the release of the U.S. National Strategy to Counter Antisemitism this past May, the United Nations was expected to follow suit in a summer conference scheduled to take place in Spain. The conference, however, was postponed following objections from leading American and international Jewish organizations. Principally, wide objections centered around the draft plan's omission of recognition of anti-Zionist forms of antisemitism, inclusion of the problematic Jerusalem Declaration on Antisemitism, which has not garnered any legitimacy through adoptions, and a failure to include the examples that accompany the IHRA Working Definition of Antisemitism.

Flag of the United Nations

Widespread support for the IHRA Working Definition of Antisemitism was made further apparent by a letter from a coalition of prominent American and global Jewish organizations to United Nations leaders. The letter urged the inclusion of an endorsement for the definition in the forthcoming U.N. action plan aimed at monitoring and addressing antisemitism. The **letter**, which cited IHRA antisemitism definition adoption data compiled by CAM and Tel Aviv University, notably gained support from 177 international Jewish groups and 120 academics from the U.S. and other countries. As of publication of this report, the UN has not yet released a plan for combating antisemitism.

COUNTRY ADOPTIONS

U.S. CONTINUES TO LEAD WAY IN ADOPTIONS IN 2023

Breaking down adoptions of the IHRA Working Definition of Antisemitism by country in 2023, the U.S. took the lead with 35 adoptions, constituting 36.1% of the total. Poland followed with 30 adoptions, comprising 30.9%, Argentina with seven adoptions (7.2%), Italy with five adoptions (5.2%), and Croatia with five adoptions (5.2%). The remaining 15 adoptions across other countries accounted for 15.5% of the total annual adoptions.

In total, **45 countries**, have adopted the definition – **33** IHRA member states, **five** IHRA observer states, and **seven** nations unaffiliated with IHRA.

Following nations such as the United States, Canada, Germany, United Kingdom, and France, among other previous adoptees, the three additions to this group in 2023 were **Latvia, Croatia**, and **Panama**, the latter of which followed CAM's September 2022 Central America-Israel Forum hosted by Panamanian leaders.

Further reinforcing its commitment to defining and combating antisemitism, the Kosovo legislature also adopted the definition, following a September 2020 adoption by the country's executive branch.

MODERATE PROGRESS ACROSS EUROPE

The European Parliament

European Commission Coordinator for Combating Antisemitism and Fostering Jewish Life Katharina von Schnurbein Addresses the Israel Council on Foreign Relations in Jerusalem, 2016

Europe is actively addressing antisemitism through the widespread adoption of the IHRA Working Definition of Antisemitism. The commitment of the region to implement this definition underscores a collective acknowledgment of the urgent need to address and eradicate antisemitic sentiments, based on Europe's bloody history of antisemitism and shared urgency around its contemporary manifestations.

The continent's governing institutions' commitment to combating antisemitism is evidenced by progress that has been made since the launch of the **European Union's Strategy for Combating Antisemitism** in 2021, which encompasses a comprehensive and coordinated approach to address the rising challenges faced by Jewish communities. Emphasizing prevention, protection, and prosecution, the strategy aims to enhance security measures, promote education and awareness, and strengthen legislation against antisemitic acts.

In accordance with the Council of the European Union's **2018 European Council Declaration On The Fight Against Antisemitism**, which called on European Union states to adopt the IHRA Working Definition of Antisemitism, 25 out of 27 EU states have now done so, with Malta and Ireland the last remaining countries within the EU to have not. As Vice President of the European Commission (EC) Margaritis Schinas said: *"The non-legally binding working definition of the International Holocaust Remembrance Alliance (IHRA) is an essential tool for the Commission's work on tackling antisemitism."*

On March 1, 2023, the Republic of Croatia assumed the IHRA's rotating presidency. In preparation for this role, Croatia embraced the IHRA Working Definition of Antisemitism at the national level last January. The United Kingdom will take over the rotating presidency of the IHRA in March 2024.

REGIONAL AND LOCAL GOVERNMENT ADOPTIONS

BUENOS AIRES PROVINCE

RIO DE JANEIRO

SÃO PAULO

WARSAW

PIEDMONT PROVINCE

514 non-federal government entities (including regional, provincial, state, county, and municipal bodies) have adopted the definition, with **47** doing so in 2023. These sub-national governmental bodies include the Polish cities of **Warsaw** and **Plosk**; **Florence, Italy**; and **Kansas City**, **Cincinnati**, and **Dallas** in the United States. Notably, the city of **Fort Lauderdale, Florida** did so shortly before hosting the 2023 North American Mayors Summit Against Antisemitism organized by CAM this past November.

On the regional level the **Province of Buenos Aires, Argentina** and the Italian region of **Piedmont** were among the more prominent 2023 adoptions.

Kansas City Mayor Quinton Lucas

REGIONAL AND LOCAL GOVERNMENT ADOPTIONS

Accounting for **48.5% of total adoptions** and endorsements of the IHRA Working Definition of Antisemitism in 2023 were non-federal government entities, including **municipalities, counties, state and provincial governments**, with **47 in total** doing so. Sub-national and local government adoptions represented nearly half of the 97 adoptions during 2023. Of these, 34, or 72.3% of the municipal and state level adoptions occurred in the United States. Local authorities and law enforcement agencies under their jurisdiction have a crucial role to play in confronting antisemitism where it is most directly felt – on the streets of the communities where Jews live their day-to-day lives.

The continued growth of the definition's across-the-board acceptance was particularly pronounced in 2022 in the United States, when **18 states** adopted it via legislation or executive actions. **Four more U.S. states adopted the definition in 2023**. More than two-third of U.S. states, 34 in total, have now adopted the definition with more expected to do so in 2024. At the state level in the U.S., this approach has been **bipartisan**, either via executive orders or proclamations by governors or measures passed by state legislatures, including in **Arkansas, North Dakota, Colorado**, and **Missouri** in 2023.

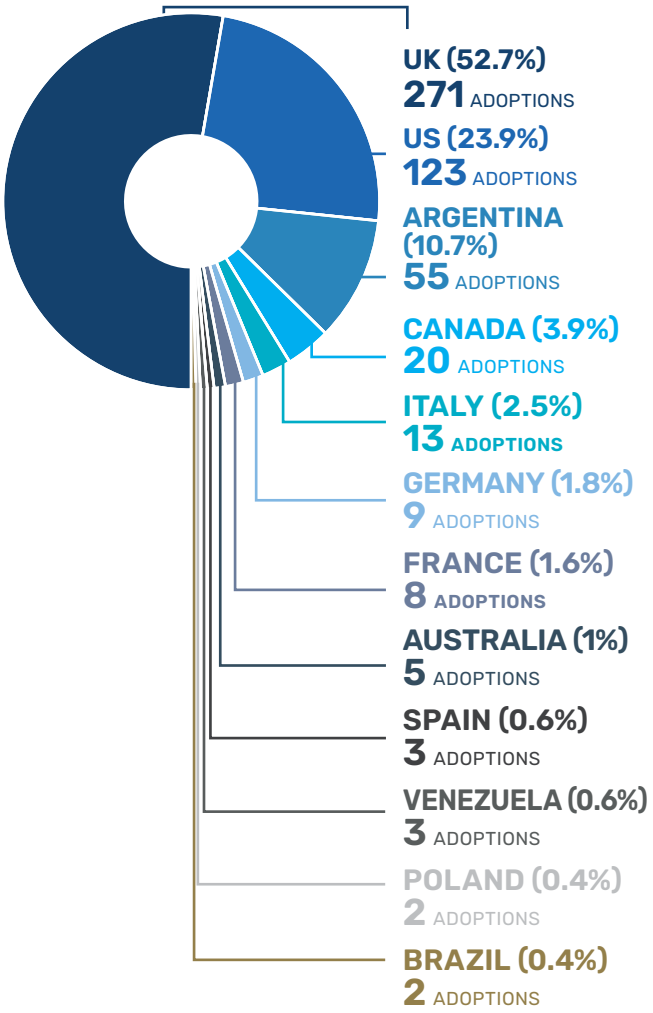

This year, the situation evolved as the IHRA Working Definition of Antisemitism was increasingly adopted on the local level. Excluding state-wide adoptions in 2023, **30 local governmental bodies in the U.S.** adopted the definition. These rose from a total of 56 at the end of 2022 to 89 at the end of 2023, including 3 adoptions registered from past years. This indicates a significant annual increase of 53.6% from the total number of local adoptions in the United States, excluding the 3 adoptions registered from past years.

TOTAL NON-FEDERAL GOVERNMENTAL ADOPTIONS: 514

CAM Director of Hispanic Outreach Shay Salamon at the Rio de Janeiro IHRA Working Definition Adoption Signing Ceremony

In the United Kingdom, **271** regional, local, and municipal governments have adopted the definition, as have **123** in the United States, **55** in Argentina, **20** in Canada, **13** in Italy, nine in Germany, **eight** in France, **five** in Australia, **three** each in Spain and Venezuela, and **two** each in Brazil and Poland.

By adopting the IHRA Working Definition of Antisemitism in 2023, São Paulo and Rio de Janeiro became pioneer cities in Brazil. These adoptions, facilitated by CAM, were a landmark development in South America's largest country, especially given the alarming 960% surge in reported antisemitic incidents there since October 7th.

In 2023, the Canadian province of **Newfoundland and Labrador** followed the 2022 adoptions by Alberta, British Columbia, Manitoba, and Saskatchewan. Currently, **eight out of ten Canadian provinces** have embraced the definition.

After Croatia's national adoption, four other Croatian entities – the University of Split, University of Zagreb Senate, Croatian Football Federation, and Croatian Olympic Committee – also adopted the definition. Notably, prior to this year, there were no recorded adoptions in Croatia.

A previous example of how national leadership foments local adoptions occurred in the United Kingdom, which was the first nation to officially adopt the definition in December 2016. From 2017 through 2021, 204 non-federal government entities in the United Kingdom adopted the definition.

Another key category of adoptions has been institutions of higher education, with **345** overall. **Eight colleges and universities worldwide adopted the definition in 2023** including the **University of Melbourne** and Monash University in Australia, the **University of Mortar** in Bosnia Herzegovina, and **Catholic University of Santa María la Antigua** in Panama.

Despite the troubling increase in antisemitism on campuses, only one U.S. higher education institution, Boston University, adopted the IHRA Working Definition of Antisemitism this year. This adoption, however, was only facilitated by the student government, thus limiting its overall efficacy.

This is noticeably fewer U.S. university adoptions than occurred in 2022, when there were four adoptions.

On American college campuses, Jewish students have faced a torrent of threatening antisemitic incidents since October 7th. Antisemitic incidents on campuses have transcended discriminatory rhetoric, with calls for violence becoming more prevalent. Attempts to praise the atrocities committed by Hamas on October 7th have been made, with calls for "intifadas" and support for "resistance by any means" voiced on numerous campuses.

The alarming rise in antisemitism in the higher education realm was made even more apparent at a December 5th U.S. congressional hearing featuring the presidents of MIT, Harvard University, and the University of Pennsylvania. Summoned to testify amid increasing levels of antisemitism on their respective campuses, they failed to explicitly acknowledge that calls for the genocide of Jews constitute incitement to exercise violence, sparking severe public backlash.

A new survey **commissioned** by Hillel International and the Anti-Defamation League (ADL) found that nearly 73% of American Jewish college students have experienced or witnessed antisemitism since the start of the 2023-24 academic year. Furthermore, the poll results revealed that only 46% of Jewish students felt safe on their campuses.

In response to the concerning increase in antisemitic incidents on American college campuses, there has been a noticeable lack of proactive measures by many administrations to adopt and use the IHRA Working Definition of Antisemitism. Universities that embrace this framework will be better equipped to tackle the varied expressions of antisemitism, including anti-Zionist forms of antisemitism, that are on the rise within academic settings. This should entail the implementation of robust educational programs that raise awareness about the historical origins and current expressions of antisemitism, including the incorporation of the IHRA's widely-accepted definition.

NGOS, INSTITUTIONS, AND ORGANIZATIONS

37 international institutions, NGOs, corporations, religious groups, student clubs, professional groups, and private enterprises adopted the IHRA Working Definition of Antisemitism in 2023, including **36 public entities and one private, bringing the total to 312 (254 public and 58 private).**

The majority of these adoptions came from a **joint initiative** by 28 Polish Jewish organizations and schools last January. This coordinated effort undertaken by the leading communal organizations of Polish Jewry underscored the broad support for the IHRA Working Definition of Antisemitism as representing Jewish community consensus around what constitutes anti-Jewish bigotry. The adoptions by Poland's capital city Warsaw and the city of Płock took place several months later.

Another important development in 2023 was the **adoption** of the definition by the Latin American Parliament, known as the "Parlatino." In its declaration, the transnational assembly described the adoption of the definition as "*an active way of combating hate speech*" and "*a tribute to the memory of the victims of the Holocaust,*" as well as a means to "act specifically against antisemitism in our days and on all other forms of discrimination." *This adoption followed the Central America-Israel Forum, organized by CAM and hosted by the Latin American Parliament at its headquarters in Panama in September 2022. The event concluded with participants signing a joint declaration that endorsed the IHRA Working Definition of Antisemitism, ahead of the Parlatino's 2023 adoption.*"

In recognition of the influence that both international institutions and civil society organizations can wield when choosing to become involved in the fight against antisemitism, we call on more actors to adopt the IHRA Working Definition of Antisemitism.

IMPLEMENTATION AT THE NATIONAL AND INTERNATIONAL LEVELS

While the initial step of adoption establishes a common framework for understanding antisemitism, the true impact lies in the ongoing and active use of the definition. Implementation involves integrating the definition into various aspects of society, such as legal frameworks, educational curricula, and institutional policies. For example, law enforcement agencies may use the definition to identify and address antisemitic incidents more effectively, ensuring that the perpetrators are held accountable under local hate crimes laws and codes. Educational institutions can incorporate the definition into their training programs for both faculty and students to promote a better understanding of antisemitism throughout campuses.

Integrating the definition into various aspects of society empowers individuals, organizations, and governments to work collectively in the fight against antisemitism.

UNITED STATES FEATURES IHRA WORKING DEFINITION IN ITS 2023 NATIONAL STRATEGY TO COUNTER ANTISEMITISM

The White House Lit Up in Blue and White in Solidarity with Israel

In May 2023, the White House released the first-ever U.S. National Strategy To Counter Antisemitism, which the Biden administration hopes will serve as a whole-of-government approach to combat the rise in antisemitism in the country. Among the many proposed policies, the plan embraced the IHRA Working Definition of Antisemitism. Specifically, the **strategy** stresses the importance of defining antisemitism before successfully combating it: *"If we cannot name, identify, and admit a problem, we cannot begin to solve it,"* it says.

Additionally bolstering the United States' leading position in adoptions throughout 2023, the Biden Administration **extended** crucial safeguards within the Civil Rights Act of 1964. In accordance with the Trump Administration's 2019 **executive order** on combating antisemitism, which required federal agencies that enforce Title VI to consider the IHRA Working Definition of Antisemitism, the Biden administration's new initiative called on federal agencies to clarify in writing that the Civil Rights Act of 1964 prohibits certain forms of antisemitic discrimination in federally funded programs and activities. The White House **reaffirmed** its support for the IHRA antisemitism definition by following-up with a statement which called on these federal agencies to consider it when looking at cases of antisemitic discrimination.

Support for the examples of contemporary antisemitism outlined in the definition remain robust across executive branch agencies, including the **Department of State** and **Department of Education**. In October 2023, FBI Director Christopher Wray noted that antisemitism was reaching "**historic levels**" in the U.S. This federal-level stance serves as a model for non-federal governmental bodies, such as state-level departments, providing guidance in defining and addressing the growing challenges posed by antisemitism across the country.

IMPLEMENTATION OF THE IHRA WORKING DEFINITION OF ANTISEMITISM ON THE STATE LEVEL

At the state level in the U.S, Virginia provides a case study for adoption and implementation of the IHRA Working Definition of Antisemitism. Following the adoption of the definition by Virginia Governor Glenn Youngkin via executive order, a successful bipartisan effort to adopt and implement the definition at the legislative level followed in the state's General Assembly.

This effort was undertaken following the recommendation of the Virginia Commission to Combat Antisemitism, created by Governor Youngkin to study antisemitism in the state and issue effective policy making recommendations to combat it. This statewide effort paved the way for the governor's signing of a law in May 2023 that codified the IHRA Working Definition of Antisemitism for use as a tool to identify instances of antisemitism and train "first responders, educators, and other public servants."

IMPLEMENTATION OF THE IHRA WORKING DEFINITION OF ANTISEMITISM ON THE LOCAL LEVEL

"IT IS COMMONLY SAID THAT JEWS ARE THE CANARIES IN THAT COAL MINE...THIS RESOLUTION (ADOPTING IHRA) ALLOWS US TO STAND FIRM IN OUR FIGHT AGAINST HATE AND BIGOTRY."

Ft. Lauderdale Mayor Dean Trantalis addresses the 2023 North American Mayors Summit Against Antisemitism

The importance of adopting and implementing the IHRA Working Definition of Antisemitism was a focus of the annual Mayors Summits Against Antisemitism organized by CAM in Fort Lauderdale, Florida, and Dortmund, Germany, in 2023, with representatives of more than 130 municipalities participating.

When cities, counties, and other localities adopt the IHRA Working Definition of Antisemitism, it can be utilized by local law enforcement to more effectively respond to criminal antisemitic incidents. The adoption passed in Dallas, Texas, for example, explicitly states that the definition will be used as "an educational resource for all public safety agencies, including the Dallas Police Department and other city agencies responsible for addressing antisemitism and other forms of discrimination."

The IHRA Working Definition of Antisemitism has proven to be a powerful tool in the European context, with numerous instances showcasing its effectiveness in combating antisemitism. A notable illustration is the adoption of this definition by the City of Bamberg, Germany, in May 2023. Although the city had previously established the position of an Antisemitism Commissioner, it was only after embracing the IHRA definition that the commissioner's mission gained practical clarity.

Aligned with the IHRA Working Definition of Antisemitism, the Bamberg Antisemitism Commissioner now plays a crucial role in the municipality. Responsibilities include the development of workshops addressing various contemporary forms of antisemitism, initiation of interreligious dialogue programs, promotion of educational initiatives focusing on Jewish traditions and holidays, and vigilant monitoring of antisemitic incidents. Collaborating closely with the city's law enforcement agencies using the IHRA Working Definition of Antisemitism as a guide, the commissioner works with police and the public prosecutor's office, to actively address and counter antisemitism on the local level.

LOOKING AHEAD

As the 2023 annual report on adoptions and endorsements of the IHRA Working Definition of Antisemitism has shown, clear progress has been made in fostering a collective commitment to combating anti-Jewish discrimination. Looking ahead, the focus should extend to continued collaboration among governmental entities at all levels, proactive educational initiatives, and the ongoing refinement of policies to ensure the effective and comprehensive implementation of the IHRA Working Definition of Antisemitism. By staying dedicated to these efforts, governing bodies and civic institutions can pave the way for a future where antisemitism is unequivocally rejected in inclusive societies built on mutual understanding and shared values.

Founded in 2019, **CAM** has emerged as a leading voice in the fight against antisemitism. CAM fosters groundbreaking alliances that transcend traditional divides, reaches diverse audiences with initiatives geared for specific demographics, and forges relationships with policymakers at the global, national, and local levels.

All entities that adopt the IHRA Working Definition of antisemitism are invited to report the adoptions to the Combat Antisemitism Movement (CAM) via email: info@combatantisemitism.org

Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). Comments for Public Posting: As your constituents and concerned Americans we urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try

and delegitimize Israel [12]. Numerous U.S. military experts have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Comments for Public Posting: I am writing to express my opposition to the City Council's voting on resolution 24-0656 regarding a ceasefire in Gaza. I believe it should be voted down for several simple and clear reasons. 1 - City Council has no authority regarding foreign policy. 2 - there has been a long chain of ceasefires, which were hailed by Hamas as victories, having breached the previous ceasefire. 3 - there is no rational way to explain how the problem can be solved by another ceasefire, when every previous ceasefire failed due to Hamas violations. 4 - the attackers predicate their arguments on the idea that Israel is illegitimate - but the October 7 attacks took place within the boundaries of the partition defined in the original UN partition plan - UN Resolution 181 in 1947. Finally, I believe that such a resolution is not merely misguided, but also an encouragement to the June 23 kind of violent protestors -- a horrifying situation that SHOULD be addressed by your council. Thank you

Comments for Public Posting:	LA City council should not get involved in foreign affairs and on issue of cease fire. We have the federal government for this involvement and this type of action or recommendation's. City council and the mayor of LA should only work to protect the LA residents and the practice of freedom of religion which was not done on June 23 on Pico Robertson area. mayor and city council should instruct the police to take care of the security issues to protect the LA citizen and not let the protesters break the lows and interfere with the peaceful lives of out law abiding citizen. If you do not do it now these protesters who come from different areas and are paid by terror organizations will ruin our LA city and LA county. you can contact me if you need more information on the horrible event that occurred on June23, 2024.

Comments for Public Posting: As a concern CA tax payer, I urge the LA City Council and South Robertson Neighborhoods Council (SORO NC), whether they are separate entities or related entities, to vote NO on any ceasefire resolution regarding the war in Gaza. Sadly, the LA City Council and SORO NC have allowed themselves to be dragged into a discussion about a ceasefire resolution, which is part of Hamas' global PR campaign to cover up their double war crimes against Israelis and Palestinians. Make no mistake about it - any participation in Hamas' PR campaign emboldens them to commit further atrocities against our only democratic ally in the Middle East, Palestinians, and increased violence against Jewish people in the world, the U.S., and particularly in Los Angeles [1-2]. Considering you have no authority regarding foreign policy, have you considered that voting on a ceasefire resolution is misguided? Your job as a city council member would be much better served making sure your Jewish constituents are kept safe, given the rampant antisemitism by pro-Hamas support groups (e.g., CAIR, SJP, AMP) afflicting the city [3-4]. Israel pulled out of Gaza in 2005 as a gesture towards peace [5]. True to form, Hamas took over Gaza (2007) and responded with kidnappings and 30,000 rocket attacks against Israel since then [6-8]. On October 7, 2023, Hamas attacked Israel on land that was within the boundaries of the partition defined in the original UN Partition Plan – UN Resolution 181 (in 1947). There was a ceasefire in place prior to October 7th and Hamas, as usual, broke it. Hamas uses ceasefires for two reasons: to re-supply and to catch Israel off guard – as it did on October 7th. Any ceasefires Hamas has negotiated with Israel over the years have ALWAYS been broken by… Hamas. Who are we kidding here? Hamas leaders have stated very clearly that when possible, they will commit October 7th over and over again [9]. The Hamas Charter states, "Israel will exist until Islam obliterates it," and "The stones and trees will say, 'O Muslim, there is a Jew behind me, come and kill him'" [10]. Do you honestly believe Israel is dealing with a legitimate peace partner? As an arm of the notorious Muslim Brotherhood [11], Hamas is a barbaric terrorist organization that has taken innocent hostages (Americans, Israelis, and Foreign Nationals) and boasts of hiding among Palestinian civilians to increase casualties as a PR strategy to try and delegitimize Israel [12]. Numerous U.S. military experts

have stated that Israel's record of protecting civilians in warfare exceeds that of any other military in the world [13-15]. According to international law and ethics, Israeli and Palestinian deaths fall squarely on Hamas' shoulders. The only way for this war to end is for Hamas to surrender and return the hostages. Please vote NO on this ceasefire resolution and bring a rational approach to a situation that has run amok. Thank you, Hamutal Bonen
