Comments for Public Posting: The proposed resolution regarding ceasefire in gaza, is should be voted down for several reasons 1 - City Council has no authority regarding foreign policy. 2 - the attackers predicate their arguments on the idea that Israel is illegimate 3. Israel is a sovereign nation and its goals must be to protect its citizens from another October 7 brutal massacre attacks 4. A resolution such as this will be an incitement for extreme hate groups to feel empowered to exercise antisemitism and acts of incitement against Jewish people of los angeles.

Comments for Public Posting: I support a ceasefire resolution. The Israeli government is currently being run by war criminals like Benjamin Netanyahu, his far right cabinet, and IDF leaders that are using actual genocidal language and indiscriminately bombing hospitals, schools, mosques, with obvious carelessness towards Israeli hostages. This is why every respected human rights organization is asking for a ceasefire. As the US government is continuing its unwavering support and giving a terrorist government our tax money, what number of innocent humans is enough for y'all to call for a ceasefire? How many more babies have to die? President Biden calling for a criminal government to minimize civilian casualties doesn't actually give Americans any reassurance. There's a reason why most Americans want a ceasefire and why the President's approval rating has floundered. This is the most immoral and disgusting behavior my government has shown in my adult life, other than the daily human rights violations it commits towards my people at the border through dehumanizing organizations like ICE. We vote so our moral human interests are represented, not to have governments profit off war. I hope you'll look within and see what we're contributing to is destruction and nothing more. Our tax money should be going to help Americans that are homeless, going bankrupt from cancer treatment, in debt because of student loans, and many other issues, as the cost of living rises and monopolistic corporations exploit workers. Our tax money should not be going towards the mass murder of innocent human beings in other countries. Ceasefire now.

Comments for Public Posting: I'm writing in support of Council File 24-0656. Los Angeles needs to pass a ceasefire resolution now and reflect the will of the people. We are tired of seeing a genocide happen and being complicit by not using what power we have as a city to make our voices known.
