Dear LA City Council Members,

I urge you to support the ceasefire resolution shortly coming before the council.

It is very late in the hour but vital nonetheless.

We must align with international law. We must not hide behind blind allegiance to Israel and pretend that we know more about law than the judges of the ICC and ICJ. We must not be in the position of being more interested in the fortunes of "allies" who line our pockets than the oppressed of this world - not if we want history to judge us kindly.

I urge you to support the ceasefire resolution, stop supporting Israel if you were, and act with all of the means at your disposal to put an end to this genocide. Los Angeles is one of the major cities of the world. We need to see our leaders start leading on this issue. Sever ties with the manipulative apartheid regime and embrace a position of which you'll be proud down the road.

Thank you,

Lyla
