Honorable Committee Members:

On June 14, 2024, the City Council approved the Motion attached to Council File 24-0708 requesting that the Los Angeles Public Library and Recreation and Parks Department report back about existing free, publicly accessible bathrooms, water fountains and hydration stations. On August 30, the Motion was amended to include information as to barriers to maintenance of the facilities. The Library is pleased to provide the attached report in response.

Restroom Facilities

The restroom facilities in all 73 library locations (Central Library and 72 branches) are in working condition. All facilities are available to the public during the normal hours of operation.

Hydration Stations

Of the 75 hydration stations that are currently installed in branch libraries, none are awaiting repairs. All sites are operational and available for public use. The installation of twenty (20) hydration stations at Central Library is scheduled for later this fiscal year.

A report showing this information along with the addresses of all Los Angeles Public Library locations and their hours of operation is attached.

We appreciate the opportunity to share this information with the Committee. Thank you for your support of our libraries.

Sincerely,

John F. Szabo
City Librarian
