Council File No: 24-0711-S1

Comments for Public Posting: For support of Councilman McOsker's Motion 57 and PLUM oversight. My name is Adela M Castro and my family and I are 16yr residents of Green Meadows West. This is a quiet neighborhood, where during the day seniors like me can be seen walking around the neighborhood, families with small children riding bicycles and walking dogs. I strongly support Motion 57 to send this RV Park project (23416 S President Avenue) to PLUM for full review. This development was approved with no community input and no discretionary review. We respectfully request that the City conducts an on-site inspection of this RV Park project. Only an on-site inspection can truly determine whether the developer has complied with all twelve (12) Public Benefit Performance standards. This project should have never been approved without a Conditional Use Permit (CUP) or a CEQUA review. My family and I, as members of this community, would like to see the City to provide stronger enforcement, accountability and neighborhood protection In cases like this RV Park project. Thank you for allowing us to submit our comments on this very important issue. Adela M Castro and Family

Comments for Public Posting: I'm a resident of Harbor City in the Green Meadows neighborhood, and I strongly support Councilmember McOsker's motion (24-0711-S1) to send this project to the PLUM Committee for a full and transparent review. I am calling on the City to conduct an immediate on-site inspection of the RV park located at 23416 S. President Avenue. The developer claims full compliance, but multiple photos and drone footage submitted by residents show clear violations. The only way to objectively resolve this is with a qualified inspector verifying, in person, whether the development matches the approved plans and zoning requirements. Nothing short of an on-site inspection can confirm whether the developer has met all 12 Public Benefit Performance Standards. IMPORTANT NOTE: This inspection must be carried out with the presence of our community leaders to witness that no wrongdoing occurs, and to ensure all inspections are complete and in full compliance with city and state laws and regulations—where both parties can review and agree upon each item, line by line. Thank you for your time Francisco Polizzi

Comments for Public Posting: Hello I'm a concerned Harbor City resident. I feel that having an RV park will only attract drug use and vagrants to our clean, tightly knit neighborhood. Just the unsightly presence of these RV's in our community are ridiculous. I vote a big NO on this RV project, as it will do nothing for our community except bring it down. The police and other resources already have their hands full, and with this type of project in the making I feel it will take time and funds away from our community that can be spent elsewhere. I Hope you can see it through our eyes and put a stop to this RV project

Council File No: 24-0711-S1

Comments for Public Posting: Public Hearing Statement Opposing Silver RV Park at 23416 President Ave, Harbor City, CA 90710 My name is Francisco. I was born and raised in 1973 in Harbor City. I grew up here, went to college, got married, and eventually returned in 2017—because my heart has always belonged to this neighborhood. Harbor City is home. But now, with this proposed Silver RV Park development, I feel sick to my stomach. The fear, the uncertainty, and the risk it brings makes us feel like we're being forced to leave the very community we returned to build our life in. I respectfully urge this Council to deny any permits or approvals for the Silver RV Park project. This development threatens the safety, stability, and character of our neighborhood. The group behind it—Stewart Silver and the Oceans 11 Development Team—has a known record of serious problems at their other RV sites, and we have every reason to believe the same issues will follow here in Harbor City. Dangers to Our Community From public records, the Silver team has left behind a trail of destruction and crime: * At Pacific RV Park in Wilmington, their last project, there were multiple fires, including one that destroyed five homes. * Overcrowding and unapproved expansions doubled the lot capacity without permits. * Frequent police calls were reported, including for missing children, drug activity, noise complaints, assaults, and public disturbances. * Residents nearby experienced loitering, trash dumping, theft, and graffiti. * Tenants were often mistreated or forced out without regard for housing laws. These outcomes aren't hypothetical. They've happened before—just miles away. If this RV park is approved, Harbor City will likely face the same consequences: increased crime, transients, unsafe conditions, and a sharp drop in quality of life and property values. Violations of California Law & Local Ordinances 1. Health and Safety Code § 18876.1 Effective May 2025, all RV parks must employ at least one manager with verified training in park operations, safety, and emergency response. Silver has shown no evidence of meeting this standard at previous properties. 2. Recreational Vehicle Park Occupancy Law (Civil Code § 799 et seq.) Tenants living on-site for 30+ days are protected by law, yet previous Silver RV tenants were denied rights and shuffled between lots. These practices may constitute illegal evictions and denial of tenant protections, especially for those residing longer

than 9 months. 3. L.A. Municipal Code § 87.11 and Zoning Violations The Harbor City area prohibits RVs from being used as dwellings between 2 a.m. and 6 a.m. in residential neighborhoods. This proposed site is not zoned for residential RV occupancy. Parking and living in non-operational or outdated RVs—something Silver has historically allowed—is also against city and county regulations. 4. Fire, Safety, and Capacity Issues Overcrowding beyond permitted levels, lack of proper fire lanes, and unsafe electrical and sewage hookups create significant fire and public health risks. The Wilmington fire was a tragic reminder of what can go wrong when safety is ignored. 5. Environmental and Infrastructure Strain This project provides no clear plan for waste management, water hookups, or parking enforcement. The lack of infrastructure will burden city services and neighboring homes. No environmental review has been made available to assess pollution, runoff, or habitat impact. Community and Legal Precedents Other California cities like Rancho Palos Verdes, Corona, and San Luis Obispo strictly regulate or prohibit RV living on private lots or in non-permitted zones. Silver's current model would violate similar use, parking, setback, and sanitation rules here in Harbor City. Allowing this park sets a dangerous precedent. Our Request We ask this council to: 1. Reject any zoning changes, conditional use permits, or approvals for the Silver RV Park at 23416 President Ave. 2. Refer this developer for compliance review based on their past legal, code, and safety violations. 3. Preserve the safety and zoning integrity of our family-centered neighborhood. 4. Demand full public transparency in any future RV or housing developments affecting Harbor City residents. Closing We are not against affordable housing. We are against reckless, unsupervised, and dangerous developments that harm families. This project is not responsible development—it's a disaster waiting to happen. We already saw what happened in Wilmington. We cannot let Harbor City be next. Please protect our homes, our children, our safety, and our community. Vote no. Respectfully, Francisco, Resident of Harbor City Born and raised, returned by choice, and fighting to stay.

Name: Teddy Cabrera - Harbor City Resident

Date Submitted: 07/28/2025 05:28 PM

Council File No: 24-0711-S1

Comments for Public Posting: Hello, my name is Teddy, and I have been a resident of Green Meadows West for the past 25 years. I'm writing the City of Los Angeles Planning and Land Use Management Committee Council today and its members regarding the proposed construction on parcel 7439-003-044. For many years, this property was an oil field, and it is still used for oil and gas transmission. This property has four active oil and gas wells: 5-A, 8-A, 15-A, and 19-A. I got the information for the wells using the Los Angeles Oil and Gas Wells Web Map. Aside from the active oil and gas wells, the soil on this property has been determined to contain methane gas. I am aware that methane exists in the soil where I live. The difference is that the newly developed property is now covered with asphalt pavement, but before this new construction, the site was entirely dirt. I have many safety concerns regarding the section of asphalt pavement on the soil. The amount of methane that is building up underneath the newly poured asphalt is like a bomb waiting to explode. Also, consider the added weight of multiple Recreational Vehicles (RVs) being parked on that site for hours and days. Now consider that this RV park is in the middle of a neighborhood full of residents, and there is potential for a catastrophic and fatal accident. I know this all seems dramatic, but I had a chance to review the Los Angeles Department of Building and Safety (LADBS) and NavigateLA to review the permit trail for this RV park. I noticed that there are multiple violations during the permitting process. I also noticed discrepancies between the proposed approved Site Plan and what has already been installed and constructed on-site, which does not match the approved Site Plan. It is the council's responsibility to make the safety of all Angelenos its priority. I am aware there is a housing shortage in Los Angeles, but rushing a project like this and ignoring the existing conditions of the site can lead to a dangerous, expensive, and grave oversight by the City of Los Angeles Planning and Land Use Management Committee (PLUM). The PLUM Council needs to reconsider the approval of this project and the future of this land being used for such purposes. If the area is rezoned, it will still not remove the danger and potential for injury and harm to the existing Angelenos who reside in Green Meadow West. Thank you.

Council File No: 24-0711-S1

Comments for Public Posting: "FOR" This particular project is not meant for a residential area. The housing track is not zoned for this type of development. The lot size is .8 Acre and not the proper size for and RV lot. It is located at the end of a cul-de-sac street. There is only one exit in the immediate area, three total. There is a condo complex directly in front of it with 250 units. The area is already inundated with vehicles. The lot butts up directly to the Railroad tracks and has no out on the back side. The amount of people occupying the vehicles along with pets, additional cars etc. will overload the neighborhood and cause a traffic nightmare. Not to mention the fact that it is directly on top of 7 capped oil wells and 2 capped water wells. The environmental impact is much greater with vehicle exhaust, generator exhaust and noise. Methane gases are still seeping through the dirt as it was not properly remediated to the extent that it should have been. There are multiple elder care homes in the area along with in home daycare facilities. This development will be endangering those residents with excessive noise as well as environmental concerns with leaking waste facilities. At all of the pervious hearings, the question has been asked if anyone of the board, members have actually visited the site. All answered "NO". There needs to be site visit to actually see what is happening here. With eyes on the situation you can better asses the urgency of the neighborhood. The city has been negligent in assessing this project to the fullest extent. It should be reviewed extensively!!!! The negligence with in the city departments is astonishing. The city holds contractors and other developers to a higher standards for building, Why should this development not be held to the same as others?? The time is now to properly investigate this project and take the concerns of the residents into consideration.

Communication from Public

Name: Nicole Paulsen

Date Submitted: 07/28/2025 01:08 PM

Council File No: 24-0711-S1

Comments for Public Posting: My name is Nicole, and I'm a resident of Green Meadows West, a quiet residential neighborhood now facing an uncertain future due to the sudden appearance of an RV park development with no community input and no discretionary review. I stand before you today not just on behalf of my neighbors—but on behalf of every Los Angeles resident who expects that our City Council will uphold the laws as they were written, and more importantly, as they were intended. We are here to address a critical issue: the conflicting language surrounding the permitting of RV parks in our city, and what that conflict means for neighborhoods like mine. Let me walk you through what we're seeing: State law provides that an RV park may apply for a Conditional Use Permit—implicitly acknowledging that RV parks are not automatically compatible with all zones and should be evaluated case by case. Then we turn to the Los Angeles Municipal Code, which echoes this stance. The Code's own definition of an RV park states clearly that the development of an RV park requires a CUP. That should be the end of the discussion. But it's not—because another provision, later in the LAMC, states that RV parks may be constructed by right so long as they meet 12 performance standards—technical requirements that have nothing to do with land use compatibility, neighborhood character, or public process. Further, and more troubling is that this RV park is being built directly on top of nine recently capped oil and water wells—a fact that should trigger alarm bells for every one of us. And yet, this project is exempt from CEQA—the California Environmental Quality Act—meaning it bypasses the very environmental scrutiny that's supposed to protect residents and future occupants. There has been no confirmation from the developer that the soil has been tested, nor that it is uncontaminated or even safe for human habitation. There is no evidence—none—that this site has been certified as suitable for families, seniors, or anyone else to live on. That's not just oversight—that's negligence. So which rule governs? The one that reflects careful, discretionary planning—or the one that offers a checklist? This is more than a legal contradiction—it's a test of how we interpret our laws and whether we prioritize developer convenience over community voices. Councilmembers, we must ask: What was the legislative intent? The answer is clear.

The City, in its definition of an RV park, chose to require a Conditional Use Permit. Why? Because RV parks are not ordinary projects. They bring a mobile, transient population into fixed residential areas. They present unique challenges—traffic, safety, sanitation, land use compatibility—that absolutely warrant oversight and discretion. The CUP process is not just a legal formality. It is the only mechanism by which neighbors can be heard, where compatibility can be judged, and where the City can say “yes” or “no” based on the specifics of a site—not just a generic compliance checklist. To ignore this requirement, or to interpret a later provision as overriding it, is to erase the very intent of the law—and the democratic principles behind it. If RV parks can now be constructed by right in residential zones, without a CUP, then we are setting a dangerous precedent—not just for Harbor City, but for every neighborhood in Los Angeles. This Council has a choice: you can uphold the legislative intent that has protected neighborhoods for decades, or you can open the door to by-right developments that will forever change the face of our communities. On behalf of my neighbors and every community facing this uncertainty, I urge you: clarify this conflict, reaffirm the requirement for a CUP, and ensure that development—especially development as impactful as an RV park—goes through the public, transparent, and fair process our laws intended. PS - I have attached a Change.org Petition that I created back when this issue arose and there is currently over 800 signatures on it. Also attached a hand signed Petition that I created and circulated at a neighborhood meeting we had last year in July. Thank you.

4 Supporter Voices

The Issue

My name's Nicole and I live in the beautiful Green Meadows West neighborhood of Harbor City, Los Angeles. We're asking for your support as our quaint residential neighborhood is currently threatened by the invasion of an unannounced RV Park. Silver RV Park is being developed right in our midst, without any prior notice or discussion with the neighborhood which will be directly impacted. This situation is not an isolated incident. This developer has a track record of law violations and code discrepancies with his past projects but was still issued permits with little to no scrutiny. There are clear signs that our system fails to safeguard the interests of unsuspecting neighborhoods. It's concerning to note that thorough evaluations like these are not mandatory.

We cannot ignore the potential impacts of such lax decisions on the environment and local communities. Based on a 2019 statistic, improper RV park developments can lead to increased traffic by 20–30% in residential areas (Statista). It also ignores other potential hazards such as soil contamination, particularly if the development is on recently capped oils well, like in our neighborhood.

This situation requires immediate action. Therefore, our demand is threefold. Firstly, we need obligatory public notices when developing an RV Park in residential areas. Secondly, a comprehensive assessment of the developer's past projects, complaints, and violations should be required before permitting. Finally, a full environmental impact report with an in

PETITION FOR AMENDMENT TO LOS ANGELES MUNICIPAL CODE 14.00(A)(7)

Petition for: Amendment to Los Angeles Municipal Code Section 14.00 (A)(7) - Public Benefit Projects

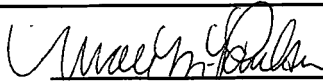

the Community of Green Meadows West (current name of community) Petitions the City of Los Angeles to retroactively Amend Los Angeles Municipal Code Section 14.00 (A)(7) to January 1, 2023, and remove the language of the Code that permits RV Parks from being developed in residential neighborhoods (zoned R1 parcels of land), or in the alternative, that the City of Los Angeles add the the following language to the Municipal Code: Prior to the City of Los Angeles issuing any permits to build any proposed RV Park: (1) RV Park developer must give Notice to the surrounding neighborhood; (2) a Public Hearing must be held regarding proposed RV Park development; (3) after a Public Hearing, the Los Angeles City Council will vote, approving or denying the building of proposed RV Park; and (4) in the event the City of Los Angeles approves any proposed RV Park, that all Recreational Vehicles that will be utilizing the City approved RV Park facilities, be 10 years or newer.

I, Nicole Paulsen, do hereby certify that I am a resident of the City of Los Angeles; that my present, precise residential is Harbor City, CA - Green Meadows West, in the City of Los Angeles, County of Los Angeles, State of California; and that I was at least 18 years of age at the time I circulated this petition for signatures. Each signature on this sheet is genuine and was affixed thereto, on the date shown, in my presence, by a separate individual who declared at the time of signing to be a resident or business owner, profit or nonprofit, of the community being named / renamed, at the address as set forth.

Declaration under Penalty of Perjury

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Executed this 28th day of July, 2025 at San Pedro, California.
