Comments for Public Posting: I am a 15-year resident of Green Meadows West in Harbor City. I am writing in response to the RV park at 23416 South President Ave, Case DIR-2024-7352-BSA-1A This project is not a Public Benefit project. It is a for-profit business in the middle of a quiet neighborhood. It has also violated six of the twelve requirements for a Public Benefit project, including violating ADA parking space requirements. As others have documented, approvals by the LADBS and Los Angeles City Planning Commission have been in error. I urge you to revoke the ministerial approval this project has been given and make the project have a full discretionary review, the way a project of this scope should have been executed. Sincerely, Brian Spradlin
