**Comments for Public Posting:** I oppose the motion to instate bubble zones around sensitive sites because of concern over criminalizing protest. The first amendment right to free speech is protected behavior practiced by union workers and members of the public. Criminalizing this behavior necessarily puts community members in harms way and presents new opportunities to have run ins with the police. Consider a process involving community stakeholders that seeks to address the inaction of LAPD in instances where protestors have been harmed while engaging in protest and civil disobedience.

**Comments for Public Posting:** Criminalizing protest is an assault on democracy. As Americans we need to decide that taking unalienable rights away from citizens is unacceptable.

**Comments for Public Posting:** It is against our first amendment rights to BAN protests. as citizens of the United States and in one of the most "progressive" states, it is unbelievable that this is even an ordinance that is being brought to the public. This is absolutely unthinkable. It is taking our basic rights away.

**Comments for Public Posting:** This is absolutely deranged and unconstitutional. You cannot undermine our civil rights to protest. This affects everyone who has ever stood for something, it affects those on the right side of history who are protesting the Palestinian genocide, people protesting for trans rights, and union workers who engage in pickets and protests. This cannot be made a reality.
