Comments for Public Posting: I oppose the motion to instate bubble zones around sensitive sites because of concern over criminalizing protest. The First Amendment right to free speech is protected behavior practiced by union workers and members of the public. Criminalizing this behavior unnecessarily puts community members in harms way and presents new opportunities to hacerun-ins with the police. Please instead consider a process involving community stakeholders that seeks to address the inaction of LAPD in instances where protesters have been harmed while engaging in protest and civil disobedience. Thank you.

Comments for Public Posting: Yes to this motion. We support the city's effort to keep hate out of our most sensitive areas, especially when someone is trying to access healthcare services at a clinic. It's amazing to see the far left suddenly turn on abortion and reproductive rights do as we choose with our own body, all because they hate Jewish people so much.
