Comments for Public Posting: I am a resident of Los Angeles. I very much support this project. Humankind should be able to seek help where they see fit, without any bigots, violent protestors,... You should be able to got to your Church, whatever it is, hospital or even school safely and without any disturbance.

Comments for Public Posting: This bill will help protect churches, Schools, hospitals and community centers. This is the best bill ever! These places exist for us and our safety, and the fact that they can be attacked is saddening. I hope my words help with this bill.

Comments for Public Posting: I recently learnt about this legislation to prohibit violent demonstrations within 100 feet of schools, hospitals and churches. I think this is a brilliant idea as such demonstrations are upsetting and can create a risk for our teachers and children, the patients in our hospitals and churchgoers here in Los Angeles. I want our neighborhood to be protected from those kinds of disturbances and I know that my neighbors do, too. Mary Alice Burkner, Resident of West LA
